## QUARTERLY DRUG DISPOSAL PROGRAM PLANNED

*Consortiums Gathered Unused Medications in Somerset County Warrenbrook Center*

In an effort to prevent prescription drug abuse, the Somerset County Department of Human Services through funding by the New Jersey Governor's Council on Alcoholism and Drug Abuse (GCADA) collaborated with the Somerset County Sheriff's Office, EMPOWER Somerset and Safe Communities Coalition and with the cooperation of the Office on Aging and Disability Services held a program on July 8, 2013 at the Warrenbrook Senior Center to collect expired and unused prescription drugs. The Sheriff's office collected the unused prescriptions and returned them to the Sheriff's

collection box for destruction. In addition, the Somerset County Retired Nurses Society and Single Senior Women's Group presented a "rap" skit about the harmful effects of prescription medication abuse.

The Sheriff's Office is coordinating a quarterly drop-off date and time at the Warrenbrook center where the public could drop off their expired or unused prescription drugs in a portable collection box. An officer would return the items for safe disposal at the Sheriff's Office. The exact dates are still to be determined.

# SUMMER FUN AT WARREN LIONS CLUB EXPO

Submitted by Charlie Oliva

(above, l-r) Resa Drasin with Alf the Lion.

The Warren Township Lions Club held its 48th annual EXPO on June 12 and June 15 at the Township Municipal grounds. Well over 5,000 attended the carnival event, which featured rides, games, food, local vendors, a dunk tank sponsored by the Warren PBA Local 135, appearances by Alf the Lion and music from the Charlie "O" DJ Service. There were also many community groups with activities promoting the health, education and safety of children.

The traditional fireworks display, provided by Garden State Fireworks, concluded the festivities on Saturday evening.

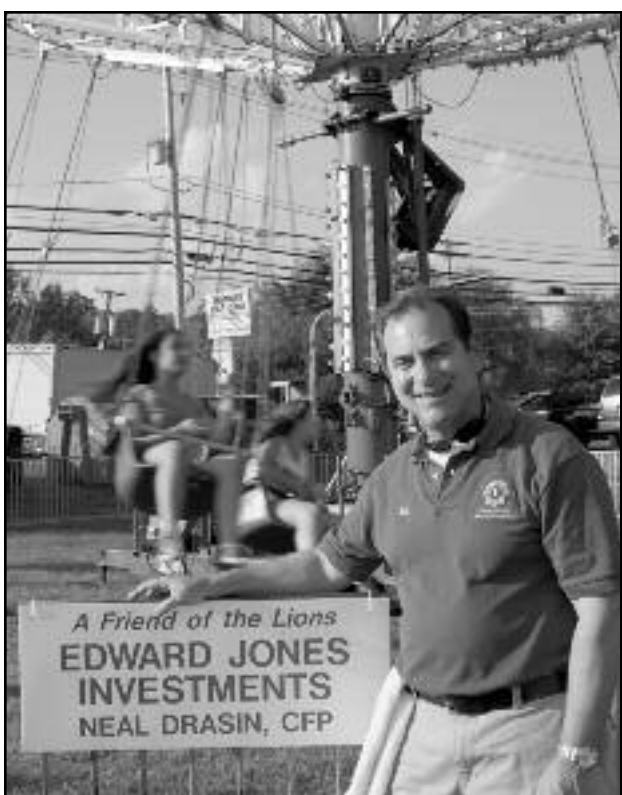

EXPO serves as the Lions Club's major fundraising event; all proceeds are donated to local charities, organizations and events.

The Warren Lions Club was founded in 1948 by a group of local residents and business owners dedicated to improving the quality of life

throughout Warren Township. The Club has continued to grow and is now one of the major community service organizations in Warren.

In addition to EXPO, the Warren Lions Club has been involved in many recent community service projects, and has a number of projects and activities remaining for this year. In addition, the club is always interested in exploring new projects and events that will benefit the boys and girls of Warren Township. Each year, the Club offers scholarships to Warren students who will be attending a college in the fall; the scholarships are based on financial need and are selected by a committee of Lions Club members.

The Warren Lions Club is always seeking new members who wish to serve the Warren community. For more information, contact Neal Drasin at 908-410-6325 or go to warrenlionsclub.org.

## AUGUST ADULT PROGRAMS

### NJ PALISADES: 7 PM, THURSDAY, AUGUST 8. IN 1524

Explorer Giovanni da Verrazano described the cliffs along the west bank of the Hudson River as 'a fence of stakes,' or 'Palisades'. Join author and photographer Kevin Woyce for a colorful tour of one of New Jersey's most impressive landmarks, from its formation and discovery to the American Revolution and the creation of the Palisades Interstate Park. Discover history along the park's major trails, from abandoned riverfront beaches and ferry landings to a vanished cliff top world of mansions and grand hotels. An ideal program to plan a day trip during the summer! Pre-registration required.

### INVASIVE SPECIES: 7 PM, TUESDAY, AUGUST 13

In New Jersey, there are over 100 invasive plants, ranging in status from rare to spreading rapidly. Many of these plants stem from the landscape industry, such as Chinese silver grass and Bradford pear. This workshop will focus on how to identify and eradicate these plants, and stop their reintroduction in order to prevent the further degradation of New Jersey's natural resources. Melissa Almendinger, Executive Director of NJ Invasive Species Strike Team (NJSIST), will present a program about identification and removal of emergent invasive plants, before they become widespread and can cause significant ecological damage. Learn what you can do to help our native plants survive. Pre-registration required.

### CAN'T STAND THE HEAT?

Go to the Warren Twp Library, the coolest place in town! On Mondays from 1 to 4 play Bridge at the library. On Tuesdays, Mah Jongg players meet from 1 to 4 pm. ## WASHINGTON AND POE

Maggie Worsdale, from the Traveling Literary Theater, delivered another top-notch performance at the Warren Twp Library on Saturday July 13th. A record 60 people attended the play, "First Ladies according to Martha Washington." The audience learned some little known facts about the First Ladies from Martha Washington to Betty Ford. As usual the multi-talented Maggie Worsdale delighted the audience not only with her acting and singing but also with her quick wit and sense of humor.

# GIRL SCOUTS EARN GOLD, SILVER AND BRONZE AWARDS

## GOLD AWARD RECIPIENTS

Ashley Genoese (Troop 65669) organized and ran the Arts & Crafts program for the first Juvenile Diabetes day camp in New Jersey. Ashley tied many of the projects to diabetes, which allowed the kids to have fun while creating crafts related to their common disease. She developed a plan and budget for future camp directors to use. She created a survey for the campers and parents, where she discovered that all campers participated in her program, and many agreed it was their favorite part of camp. This project had a large impact on Ashley, as well as the kids, so Ashley decided to volunteer as a counselor at the camp the following summer.

Elizabeth Heyman (Troop 65198) Libby worked with the American Foundation for Suicide Prevention to organize an art show that provided her community with locally made art and informational materials to promote discussions of proper mental health and methods of helping those suffering from mood disorders. The event was held at the American Legion Hall in Warren and featured well over a dozen pieces, including one center piece made by the host that was constructed out of slips of paper covered in anonymously submitted secrets, all contributing to the night's theme, "Everyone has a secret that would just break your heart if you only knew".

Monica Mahal (Troop 65252) worked with Warren Middle School students to encourage them to stop littering. She involved them in litter clean-up trips and putting together art displays. She directed an environmental segment on the school news, and created a video called "Reduce, Reuse, Recycle," which was viewed by the entire school. It will continue to be shown to incoming sixth graders. Monica established a recycling-system at the local sports field, and continues to be active in her anti-litter campaign.

Alyssa Puccio (Troop 65278) worked with the Warren Elks Club to prepare a garden-like

entrance way to the Elk's Club, complete with new plantings and a freshly painted sign. Volunteers will continue to maintain the area during special American holidays. The global connection was to promote environmental awareness, pride, and concern for a cleaner environment in our community.

Isabel Kim (Troop 65926) created and led an arts and crafts program for Kindergarteners, to be run during the summer in conjunction with the Kindergarten camp run by Warren Rec. She also researched projects ideas, worked with counselors and created a portfolio of projects for them to use in the future.

Erin Maloney (Troop 65926) planned and led the first annual Warren Family campout for the Warren Rec department. She handled marketing, communication, securing donations, planning program activities, and leading the children and adults at the event. She put together a template document to be used by others to run the event in the future. Her goal was to share her love of the outdoors and camping, as well as to promote the benefits of more "unplugged," outdoor playtime for children and families.
