## WATCHUNG STUDENT PLAYS AT CARNEGIE HALL

Yajur Sriraman, 12, of Watchung's Valley View middle school absolutely loves to play his French Horn. When he came across a French Horn solo piece called "Song of India," he was curious to hear what it sounded like. "I wanted to play that particular piece because I wanted to see how a Russian composer represented India in music," said Yajur. The song is from a Russian opera 'Sadko', by Nikolai Rimsky-Korsakov. With the help of his French Horn teacher, Ms. Kathleen Ditmer, Yajur was soon playing the song! His teacher suggested that he enter the Russian Music Festival competition. The competition is conducted by the Talented Young Musicians Association for children ages 5-18. Yajur won first place!

He played the song at the Winners concert at Carnegie's Weill recital hall on Sunday December 15th, 2013. "It's such a great feeling to play at Carnegie Hall", he says. "When you are on stage, and you see all the people looking at you, and the lights are shining on you...it is just a wonderful feeling that I will never forget. It makes me feel like I have accomplished something but also that I can do more." Yajur was accompanied on the piano by his cousin Monica Krishna, who is a sophomore at Rutgers Preparatory school in Piscataway.

The Russian Music Festival was initiated by Ms. Mila Kozlova, with the aim of promoting compositions by less known Russian composers. Tchaikovsky is the most famous, but there are so many great composers from that

region who are less known. Ms. Kozlova decided to initiate this festival for us to appreciate the variety and richness. The festival is now in its tenth year.

## CUB SCOUTS CELEBRATE 75 YEARS IN TOWN WITH ARROW OF LIGHT CEREMONY

Cub Scout Pack 32 in Watchung celebrated its 75th Anniversary with fellow scouts, friends, family, alumni, and special guests in attendance. The diamond anniversary celebration was held in conjunction with the annual Blue & Gold Banquet and took place at the Fireman's Exempt Hall on January 10th. Current Pack 32 families and scouts were able to rub elbows with alumni who had served the program as far back as the 1960s. Former Cub Masters, Den Leaders (aka Den Mothers), committee members, and Cub Scouts braved the icy weather to witness the fruits of their past labors. Some even showed up wearing their former uniforms.

Pack 32 was first chartered in the winter of 1938, only a few years after the Boy Scouts of America officially adopted the Cub Scout program. The Cub Scout program prepares younger boys for the adventures and rewards of Boy Scouting. Over the years, a countless number of residents have volunteered their time, effort, and money in support. Many former Cub Scouts have continued to help the community through various projects and ongoing service. Some even became leaders for the next generation that included their own children. A

good number of former Pack 32 Cub Scouts went on to complete the distinctive Boy Scout rank of Eagle.

The event was highlighted by the den of Arrow of Light Scouts that ceremoniously crossed over into Boy Scout Troop 32.

Earlier in the evening each boy received an Honor Arrow that recognized their individual journey along the Cub Scout Trail. Nearly all were awarded the Arrow of Light badge, which is the highest award a Cub Scout can earn. Most of these boys began their adventure in the first grade as Tiger Cubs and had been guided by their tireless Den Leaders Wendy Ruta and Yvette Whitley ever since. Before moving out of the pack, these 5th grade boys passed the mantle of responsibility to the 4th grade boys of the WEBELOS den, as they became the new 'youth leaders of the pack.'

Cub Master Joanne Cort closed the event by thanking everyone who has helped the pack over the years by saying, "We wouldn't be here today without you." She also looked to the future in declaring that with such an amazing and supportive group of people in town, "This pack can easily go on for another 75 years."

# New FDA Approved Treatment Proven to Relieve Knee Pain

**TREATMENT COVERED BY MOST MAJOR HEALTH INSURANCE PLANS – INCLUDING MEDICARE**

Did you know that over 100 million Americans suffer from knee and joint pain? In fact, this pain accounts for one fourth of all visits to primary care physicians and half of all anti-inflammatory drug prescriptions. If you suffer from any degree of knee or joint pain Drs. Mejia & Spiaggia of Performance Rehabilitation & Integrated Medicine personally invite you to regain control of your life by scheduling a FREE step one consultation with their staff. Call now. You deserve to live pain free!

## Who is a good candidate for this treatment?

- Have you been diagnosed with osteoarthritis?
- Do you wake up with knee, shoulder, or joint pain?
- Does your knee, shoulder, or joint pain keep you from certain activities?
- Have you been told you need a knee replacement?
- Are you active and sometimes suffer from sore knees or joints?
- Do you take medications for knee or joint pain?
- Do you have difficulty going up and down stairs due to knee pain?
- Are you considering surgery to alleviate knee pain?
- Does your knee ever feel like it is "giving way" or unstable?
- Has a recent car accident caused you a knee or joint injury?

If you answered yes to any of these questions, call now to schedule a FREE step one consultation.

## Is surgery the answer?

If you have knee pain and are worried, concerned, or afraid of the possibility of surgery, you're not alone. Most likely, you've heard stories about knee surgery and the outcome not being good. You may also know someone who had surgery and their knee was never the same. You don't want the next unnecessary and preventable knee surgery story to be about you, but the pain is not going away and your life is being altered because of it. You may have tried getting information on the Internet about the best course of action for you to take, but there's so much conflicting advice that you're scratching your head about who you can believe and trust. If you are considering surgery, you owe it to yourself to schedule a FREE step one consultation with Performance Rehabilitation & Integrated Medicine first.

## What else is available to treat knee pain?

Drs. Mejia & Spiaggia and their staff have taken years to carefully develop a customized treatment program for those suffering with knee and joint pain. This new treatment protocol utilizes the latest high-tech FDA approved solution available combined with cold laser technology, physical therapy, acupuncture and joint mobilization & stimulation. The patient's lifestyle is also taken into consideration as stretches, exercising, and lifestyle skills are taught for a lifelong approach to relieving pain.

## How does this treatment work?

Utilizing dye and a cutting-edge live motion x-ray machine, the doctors and staff are able to pinpoint

problem areas with precision and accuracy. A viscosupplement injection is delivered and the healing process starts.

Viscosupplementation has been shown to relieve pain in many patients who have not responded to other non-surgical methods by bonding with naturally occurring joint fluid to create a lubricating and cushioning layer. It also reduces pain, inflammation, and swelling of the joint. Little to no discomfort is noticed and many patients feel the effects within days.

## FREE STEP ONE CONSULTATION

*"We are so confident that you will find healing and relief at our office that we are offering you a **Free step one evaluation and consultation**. We will personally review a full health analysis questionnaire, evaluate your condition and determine how we can help you. There are no strings attached and you have no obligation. Time slots fill quickly so call today to secure your free step one consultation."*

— Ron Spiaggia, DC - Clinic Director  
Joseph Mejia, DO, F.A.A.P.M.&R. - Medical Director

## What are patients saying?

*"My life has changed for the the better since treatment. I no longer take medication or have down days where I just cannot get out of bed because of the pain. I've started riding my bike again with my husband and he is more happy because he has his riding partner back."*

# JAMAICAN DELEGATE SPEAKS TO HILLS STUDENTS

Submitted by Eleanor Mathews

At one time, students in Watchung Hills Regional High School's World Culture classes would spend a day visiting the headquarters of the United Nations in New York City. Security concerns, among other factors, caused such class visits to the U.N. to be eliminated, so it almost seemed as though living in such close proximity to the world's peace-keeping body was of no great advantage after all.

A real-life example of an adage suggests that, if a man cannot go to a mountain, the mountain must come to him. Watchung Hills social studies students could no longer go to the U.N., but they had the privilege of having a member of that body come to speak to them on January 7th.

Shorna-Kay Richards, a career diplomat with 20 years in the Jamaican Foreign Service, and, since September 2012, Deputy Representative of Jamaica to the United Nations, addressed a group of more than 200 World Cultures students and the Model U.N. Club. Richards' impressive background includes the position she holds currently, that of Deputy Representative of Jamaica (Deputy Ambassador) to the U.N., Minister-Counselor in the Jamaican High Commission in South Africa, member of the Permanent Mission of Jamaica to the Organization of American States, and later at the American Embassy. She was also Assistant Director for Bilateral Relations in the Ministry of Foreign Affairs and Foreign Trade.

Richards has also managed and promoted Jamaica's bilateral relations with numerous countries around the world and represented Jamaica in the multilateral arena. At the U.N. she's actively engaged in the negotiations of the Arms Trade Treaty, which is a foreign policy for Jamaica and its Caribbean partners. Her

impressive background also includes service in Syria, Jerusalem, South Africa, and Washington.

The speaker's well-organized and fast-moving presentation, enriched by slides, touched upon many points in the area of diplomacy: Who is the perfect negotiator, for example. In the 18th and 19th centuries, it was one who was assertive, confident, charming, immune to the temptation of women, and, usually, financially robust.

The speaker briefly traced the progress of the U.N. since its formal inception on October 24, 1945, the interconnectedness among its 190 members, its structure into General Assembly and Secretariat, its founding principles—the respect for human rights, its peace-keeping mission, its overall purpose of “making the world a better place.”

Mary Sok, social studies teacher who coordinated the event, expressed her thanks to freshman student Jordan Reynolds for expediting the invitation to the speaker, who is his cousin.

# PAJAMA PROGRAM HELPS YOUNGSTERS

Linda Basilio hosted a Pajama Program for friends and relatives at her home in Watchung, with its objective to provide local youngsters living under difficult circumstances with pajamas and books. It drew enthusiastic response, resulting in 75 pairs of pajamas and 62 books being provided to help create a warm and

nurturing environment for children.

The program was established in 2001 and continues growing; helping those in need, and can be viewed on [www.pajamaprogram.org](http://www.pajamaprogram.org).

Participation at this Christmas season resulted in great comfort for many throughout the area.

# GARDEN CLUB TRIBUTE

One of the gardens maintained by the Garden Club of Watchung is the Blue Star Byway, honoring our military veterans. Part of the National Garden Club Blue Star project, this plot is located at the junction of Somerset and Watchung Avenues. A recent addition has been a wreath to honor veterans as part of the Wreaths Across America program that takes place each December.
