KIWANIS CLUB OF LINDEN GIVES BACK TO THE COMMUNITY

February 10, 2011 marked the successful conclusion of the Kiwanis Club of Linden's annual Walk-A-Thon Halloween Parade Project which was held jointly with all our K-Kids Clubs at the Linden elementary schools on October 29, 2010. Children's Specialized Hospital (CSH) was presented with a check for \$2,150; half of which was raised by the K-Kids Clubs, and the other half raised by the Kiwanis Club of Linden, inclusive of generous contributions received from Infineum and Conoco-Phillips. At the February 10th lunch meeting, June Lazaro, President of Linden Kiwanis Club, facilitated a slide presentation of the Halloween Walk-A-Thon, which portrayed costumes and smiles along with a powerful informative video about CSH.

Kiwanis International /Kiwanis Clubs of New Jersey, 5 years ago, made a pledge to raise \$500,000 over a 10-year period to be donated to Children's Specialized Hospital. This goal is being very close to being met. CSH is the largest pediatric rehabilitation healthcare system in the United States. It is the preeminent provider of rehabilitation for children with special needs, serving children affected by brain injury, spinal cord dysfunction and injury, premature birth, autism, developmental delays, and life-changing illnesses. Children's Specialized has 8 sites in New Jersey and treats over 18,000 children each year.

Many thanks also to Dr. Rocco Tomazic, Superintendent of the Linden Public Schools, and to Danny Robertozzi, Principal of School # 9 (who coordinated the K-Kids walkathon in the schools), for their support. This fun fundraising

event will become a Linden public schools / Kiwanis club of Linden tradition.

Our Kiwanis Club of Linden was organized on November 7, 1946 and is looking to expand our membership. As this non-profit organization's population ages, regeneration is vital. Kiwanis is an international organization, and the mission is to change the world one community, one child at a time. So, let's continue to change Linden's future by continuing to teach children about serving others and community leadership. Through Kid-Kids, Builders Clubs and Key Club there is a Kiwanis presence in every Linden public school. Kindly contact Linden Kiwanis President, June Lazaro, at Primerica, by calling (908) 687-9008 for further information about membership and/or attending any of our luncheon meetings.

We meet at the Southern Smokehouse for lunch on the 2nd,3rd,4th 5th Thursdays of the month at 12:15pm.

(above, l-r) Dr. Rocco Tomazic, Superintendent of Linden Public Schools; Theresa D. Valentino, Director of Development Children's Specialized Hospital Foundation; Mrs. June Lazaro, President of Linden Kiwanis; and Mr. Danny Robertozzi, Principal of School No. 9.

VEGETABLE DERBY

While participating in a Vegetable Derby Race, held recently at Linden School # 1, the students learned about engineering, math, problem solving skills, science and health. One of the requirements was to build the vehicle out of vegetables and fruits. They also created team names that had a veggie/fruity tone. Such great fun and most of all they all learned something new at this unique event.

(above, left) Amir Miller was thrilled to have a win at the "Vegetable Derby"

(above, right) Miesha Burnam added a lime for visual appeal. Students faced the challenge of choosing the best fruits and vegetables to the win the derby race.

AUTHOR VISITS SCHOOL NO. 8

Children's book author Sarah Sullivan visited Linden School No. 8 recently.. Mrs. Sullivan shared the writing process and read aloud some of her books. The students were excited to have a true published author that after the visit they wrote letters asking more questions.

LINDEN HAS LIFE SAVING EMERGENCY RESPONSE SYSTEM

Everyone should familiarize themselves with the emergency response system to see how it can be adapted to their particular situation or needs. The Department Of Public Property & Community Services additionally reminds us that the system is not only for the elderly but also for the handicapped and anyone who lives alone, regardless of age.

For a minimal monthly monitoring fee, residents can subscribe to the Linden Emergency Response System (LERS), and in the event of an emergency the resident would push a button on a wireless pocket sized transmitter to signal a central dispatch station.

The dispatcher will speak with the resident to determine their need and take appropriate action by notifying the proper emergency service responder.

If you know someone who can benefit from the Emergency Response System and they're a Linden resident, let them know about what can possibly save their life. Have them contact the Department of Public Property & Community Services at any one of their centers. (CCB, 605 S. Wood Ave. (908)474-8600; JTG Center, 330 Helen Street (908)474-8627 or LMPC, 1025 John Street (908)474-8639) or visit their website at www.Linden-NJ.org.

SENIOR I.D. CARD PROGRAM HAS MORE CONVENIENT TIMES

Linden residents fifty (50) years of age or older may register for a Senior Citizen Identification Card Monday thru Friday between 9am – 3pm at the John T. Gregorio Center, 330 Helen St.

Senior citizens must bring proof of age, proof of Linden residency and their Social Security Card. The I.D. cards are necessary for identification on the City operated Senior Citizen Buses

The I.D. Card Program, which has been in existence since 1975, is sponsored by the Department of Public Property and Community Services and conducted for Linden senior citizens. To date, nearly 2,000 identification cards has been issued to the senior citizens of Linden.

For further information, call the JTG Recreation Center located at 908-474-8627 or visit our web site www.linden-nj.org.

SCHOOL NO. 6 STUDENTS LEARN MAP SKILLS

Third grade students at Linden School No. 6 learn how to read maps. They worked in small groups to read and then list features and elements found on a map of the country. Students learned that a map is a drawing that shows what a place looks like from above. This cross curricular project integrated mathematics skills with map skills such as distance, how to use a map key and symbols, direction, and how to interrupt a scale. As an assessment each group presented their findings.

EMS ADVISES TO KEEP HELPFUL INFORMATION HANDY IN CASE OF ACCIDENT

In this age of emergency plans and prearranged meeting spots, most of us don't have a document with our personal and medical information in case the unfortunate occurs. Often, during an emergency situation, family and friends are not able to provide this information to Emergency Medical Technicians (EMT) or other first responders, such as police officers or firefighters. During this time sensitive situation, it is difficult to gain important and sometimes lifesaving information when a patient is unable to communicate with emergency personnel. Nevertheless, it is fairly simple to make a list of your own and place it in a prominent place at home or in your wallet.

The key elements needed to make your own "list of life" are provided below. Important information to include: name, address, birth date, phone number, social security number, insurance information and doctor's name. These details are not only so emergency responders know who you are, but to assist the hospital with your further care. You should also add an emergency contact with their name, address and phone number. In addition, list your current medications, medical conditions and/or devices and any allergies you may have. This information lets the emergency medical team caring for you know what medications you may have already taken and what medications might

react adversely with your current prescriptions. Chronically ill people whose prescriptions change regularly should update this list when any changes occur. If you already have an advanced directive such as a living will or "do not resuscitate" (DNR) order, displaying it with this list in a prominent place such as the refrigerator or at the bedside makes it easy for responders to find in an emergency.

Compile all the parts listed above and now you have a "List of Life!" Display it prominently and have a personal copy to take with you wherever you go. You are now prepared and can provide first responders and EMTs with life saving information when the unexpected occurs.

The best-dressed
wounds in New Jersey.

*That's the beauty
of Trinitas.*

The Center for Wound Healing & Hyperbaric Medicine at Trinitas Regional Medical Center is New Jersey's leading wound care center. We have pioneered wound closure technologies such as Hyperbaric Oxygen Therapy and Vacuum-Controlled Assisted Closure. And we were the first in the state to use Apligraf cultured living skin.

We enjoy heal rates that are consistently above 90%. That's why so many area hospitals send their most difficult wounds to us. And why Diversified Clinical Services named us a Center of Distinction.

This is wound care that goes way beyond bandages. And it's available right here, right now. Beautiful.
