LONG HILL'S GOT TALENT!

Submitted by Christine Blocker

The 2014 Long Hill's Got Talent Show was held on Friday, January 31st at the Watchung Hills Performing Arts Center at Watchung Hills Regional High School. This was the 3rd annual Talent Show sponsored by the Long Hill Township PTO (Parent Teacher Organization) and FORCE (Focusing our Resources for Children's Enrichment). The Talent Show had over 100 students in Kindergarten through 8th Grade performing in a variety of acts, including acrobatics, comedy, dance, gymnastics, jump roping, magic, musical instruments, poetry, puppetry, rock band, and singing. Kicking off the Talent Show was a special performance by the Central Middle School Staff "Barth Band" rock band: members were Principal Mr. Villar, and teachers, Mrs. Barth, Mr. Mott, Mr. Birkhead and Mrs. Wells. The Barth Band was rocking and featured a sing-along with the audience, too!

Most of the students choreographed their own acts and practiced for many months. The performers costumes were quite fancy and the acts were entertaining and highlighted the students' talents. The students performed in front of a packed theater of parents, family, Superintendent Dr. Rene Rovtar, administrators, teachers, and friends at the Watchung Hills Performing Arts Center.

The Talent Show was hosted by MC David Romankow who mastered the part in a tux, announcing the acts, and delivering comedy throughout the night.

The Steering Committee members were Jennie DeMizio (Chair), Christine Blocker, Sue Gully, Kristen Oleske, Christine Quinn, and David Romankow. There were many parent and student volunteers who assisted with the Talent Show in photography Larry Mammone, program design Kyle Brown, concession sales Yuni Fuentes, Krissy Hubert, Betsy Moreland, Cyndi Mullen, Florencia Squizziato, John Quinn, Jade Xu, and Trish Krug, ticket sales

The Watchung Hills Regional High School Theater Staff members of Production/Theater Manager Chris Valenti, Audio Engineer Rick Clark, and Student Stage Technician Matt Guarino made the theater part of this show possible.

Congratulations to all of the students who performed their talent and gave the audience a great show! Thank you to all of the students, parents, and the community for supporting the Long Hill's Got Talent Show!

Poll Shows Most Americans Suffer From Chronic Or Reoccurring Pain

LATEST TREATMENT OFFERS NEW APPROACH AND HOPE FOR MILLIONS

According to an ABC News/USA Today/Stanford University Medical Center poll* over 50% of Americans suffer from chronic pain. Chronic pain is often described as pain that extends beyond normal healing time. Pain is more than just an uncomfortable sensation; it affects everything from work to play and ultimately your quality of life. As discovered in the ABC News/USA Today/Stanford University Medical Center poll, 48% of people didn't know what caused their pain. Of the remaining participants, pain was blamed on sports injuries, arthritis, disc pain (sciatica, slipped disc, etc.), and old age. People deal with pain in a variety of ways. Some rely on prescription or over-the-counter medications while others try exercising, stretching, injections, and more. However, these solutions often fail causing the patient to lose hope. Worse yet, addiction to medications are a real threat and can leave pain sufferers in a dangerous situation.

Do you suffer from any of the following?

- Tennis elbow/golfer's elbow
- Rotator cuff tendonitis/bursitis
- Arthritic hip/knee/ankle/shoulder conditions
- Plantar fasciitis/heel spur pain
- Meniscus injury of the knee
- Chronic tendonitis
- Chronic pain

If you answered yes to any of these questions, call now to schedule a **FREE** step one consultation.

Platelet-Rich plasma is a natural healing solution

For years, doctors have tried to reduce inflammation with anti-inflammatory medication, thinking it could be the source of pain. Teams of doctors and researchers are now finding that harnessing the power of inflammation allows the body to go through its natural healing arc, which can relieve pain by getting rid of the problem. This new treatment program is called Platelet-Rich Plasma (PRP) Therapy and is a cutting-edge process that relieves pain by promoting long lasting healing of musculoskeletal conditions. This rapidly emerging technique is showing exciting potential with osteoarthritis of the knee, shoulder, hip and spine, rotator cuff tears, chronic plantar fasciitis, anterior cruciate ligament (ACL) injuries, pelvic pain and instability, back and neck injuries, tennis elbow, ankle sprains, tendonitis, and ligament sprains.

What is Platelet-Rich Plasma Therapy?

Platelet-Rich Plasma Therapy offers a great solution to accelerate healing of tendon injuries and osteoarthritis naturally without subjecting the patient to significant risk. PRP is an emerging treatment in an ever popular, all natural health sector. The treatment consists of merging advanced technology with the body's natural ability to heal itself. Blood is made of RBC (Red Blood Cells), WBC (White Blood Cells), Plasma, and Platelets. In the last 20 years researchers have learned that when activated in the body, platelets release healing proteins called growth factors. There are many growth factors with varying responsibilities, however cumulatively they accelerate tissue and wound healing. Therefore after increasing the baseline concentration of these platelets, the doctors of Performance Rehabilitation and Integrated Medicine are able to deliver a powerful combination of growth factors that can dramatically enhance tissue recovery and reduce pain.

PRP is virtually a "cocktail" of many naturally occurring proteins that collectively stimulate, repair, and regenerate the problem area. However, there are some proteins included in PRP that can be selectively isolated to promote anti-inflammatory effects and pain reduction. Scientists have developed natural/homeopathic based tools to selectively isolate the cells/growth factors within PRP that meet each patient's needs for a customized treatment by reducing inflammation and simultaneously stimulating repair.

What are the expected results?

The goal of PRP Therapy is to resolve pain through the natural healing process and has proven to have lasting results. Initial improvement may be seen within a few weeks and will gradually increase as the body's healing progresses. PRP Therapy has been shown to be very effective at relieving pain and returning patients to their normal lives in many cases. The need for surgery can also be greatly reduced by treating injured tissues before the damage progresses and the condition is irreversible.

"We are so confident that you will find healing and relief at our office that we are offering you a **Free step one evaluation and consultation**. We will personally review a full health analysis questionnaire, evaluate your condition and determine how we can help you. There are no strings attached and you have no obligation. Don't live with pain, fear and doubt any longer. Pick up the phone and take control of your life right now. You have nothing to lose but your pain. Time slots fill quickly so call today to secure your free step one consultation."

— Ron Spiaggia, DC - Clinic Director
Joseph Mejia, DO, F.A.A.P.M.&R. - Medical Director

What are patients saying?

"I have suffered with Plantar Fasciitis for years. I could not walk or stand for even short periods of time. Once I found out about PRP Therapy at Performance Rehab I had to give it a try. I'm so glad I did! I not only can stand for long periods of time I can now go on evening walks with my husband. Thank you to all the doctors and staff of Performance Rehab, you're amazing!"

FILING YOUR TAXES? SUPPORT LOCAL GIRL SCOUTS, TOO!

Beginning this year, Girl Scouts is one of the charitable organizations eligible to receive voluntary contributions from taxpayers who choose to make a contribution when filing the New Jersey income tax return (Form 1040).

Residents throughout the state are being asked to consider this option when filing their 2013 New Jersey state taxes. All funds generated by the voluntary contribution program are returned to local Girl Scout Councils across New Jersey to assist in providing a girl-centered, quality, leadership experience.

When using Form NJ 1040, at line 64, write in #16 for the Girl Scout Councils of New Jersey Fund, enter a specific dollar amount in the space provided. Your donation will automatically be deducted from your refund.

Your contribution will help to ensure that every girl in New Jersey has the opportunity to grow and learn with Girl Scouts. Through Girl Scouts, 93,295 girls in NJ build courage, confidence, and character and make the world a better place. Help us recruit, train, and assist the 44,580 volunteers who serve our girls and help support the program resources and facilities that give girls a safe, nurturing place to grow and explore their interests. For more information about the premier leadership experience for girls, visit girlscouts.org.
