## JEFFERSON STUDENTS CREATE YOUTUBE VIDEO CALLED THE "PEMDAS SHUFFLE"

PEMDAS is probably a term you haven't thought about since you were a student in the fifth grade, but for students at Jefferson School it is a term that is used in their everyday math life. As the students can tell us, PEMDAS stands for Parentheses, Exponents, Multiplication/Divide, Add/Subtract all of which make up the Order of Operations! To help find a fun and creative way for students to remember this, Jefferson School math and science teacher Diane Dimperio and vocal music teacher Julie Melchor came together to create the PEMDAS Shuffle to the tune of the "Cupid Shuffle," taking students through each step of the Order of Operations. The ambitious and excited fifth graders from Dimperio classes worked hard practicing this project over a span of a few months learning lyrics and dance moves all to help master this concept. Melchor's friend, award-winning videographer, Zack Morrison

came in to capture it all on film. Students were taped dancing and singing their hearts out in various locations of the school performing their version of the "PEMDAS SHUFFLE." The end result: Union's own group of YouTube stars! Melchor states "Bridging the gap between curricula is a key component of education that Jefferson Elementary school creatively achieves. With a small idea that later expanded, we came together to create a project that would facilitate learning the mathematical concept as well as understanding and participating in an advanced performance involving singing, dancing, acting and improvisation. This truly gave the students a creative environment in which they learned to perform and performed to learn!"

## KEYSTONE AND TORCH CLUB MEMBERS VOLUNTEER AT FOOD BANK

Boys & Girls Clubs of Union County (BGCUC) Keystone and Torch Club members recently volunteered at Community Food Bank of New Jersey in Hillside, NJ. They were given the responsibility of assembling food care packages for the Food Bank's backpack program. The care packages are delivered to schools throughout the area and provide children in need with food for the weekend. Many children rely on school breakfast and lunch programs as their only meals throughout the day. These backpack care packages help provide children with meals while they are not in school. In total, our group assembled 960 care packages for local public school children.

"Our youth leaders continue to organize and participate in community service activities that raise awareness of those in need", Russell Triolo, CEO, stated. "I am proud of the programming we provide to these youth, which prepares them for a future as leaders and teaches them to help others in their community."

Keystone and Torch Club are groups within Boys & Girls Clubs that bring together teens who are leaders. At the center of each is leadership development, civic engagement, character building, and career preparation. Members learn important skills in team building and working as a group for fundraising projects. The skills they learn prepare them for a future as leaders in their communities.

# After helping countless local knee pain sufferers discover relief, local Doctor warns... **“If You Or A Loved One Are Scheduled For Knee Surgery Then, Read This Article Before It’s Too Late!”**

There is a safe, non-surgical FDA cleared treatment now available locally that has been proven to effectively reduce and even eliminate knee pain... and the best part is It’s Covered By Most Insurance Including Medicare!

**Union County, New Jersey-** A century ago the average American lived to about 50 years of age. Today we’re living to nearly 80 years of age. While that fact alone is astonishing even more so is that today’s population remains active well into their 70’s and 80’s. It is no longer uncommon to hear about a 70 year old playing tennis, or an 80 year old shooting a round of golf with friends. However for the estimated 50 million adults in the United States who have some form of arthritis, the image of an active lifestyle may seem all but a distant memory, until now...

A revolutionary new non-surgical treatment called Viscosupplementation (VS) Therapy is providing hope and relief for many knee pain sufferers. Offered locally by Northeast Spine & Wellness Center, this procedure is minimally invasive, requires no surgery, can provide immediate relief, and has little to no recovery time.

If you are experiencing any of the following symptoms in your knee or joints, chances are your pain is due to a condition called osteoarthritis, and you may be a candidate for care:

- **Pain:** Your joints may ache, or the pain may feel burning or sharp. For some people, the pain may come and go. Constant pain or pain while you sleep may be a sign that your arthritis is getting worse.
- **Stiffness:** When you have arthritis, getting up in the morning can be hard. Your joints may feel stiff and creaky for a short time, until you get moving. You may also get stiff from sitting.
- **Muscle weakness:** The muscles around the joint may get weaker. This often happens with knee arthritis.
- **Swelling:** Arthritis can cause swelling in joints, making them feel tender and sore.
- **Deformed joints:** Joints can start to look like they are the wrong shape.
- **Reduced range of motion and loss of use of the joint:** As your arthritis gets worse, you may not be able to fully flex, or extend your joints. Or you may not be able to use them at all.
- **Cracking and creaking:** Your joints may make crunching, creaking sounds.

If you are experiencing any of the above mentioned symptoms, don’t worry, there is hope. Many that have undergone VS Therapy report these very symptoms, only to see them reduced or even eliminated after receiving care.

Until recently, the only advice for many suffering from knee and joint pain was to:

- Try exercising
- Try physical therapy
- Try pain pills
- Try muscle relaxants
- Try pain shots
- Try dangerous surgery

If you are tired of trying treatments that don’t provide lasting relief, or if you are afraid to try any of these treatments, don’t worry. If you have tried any of these treatments and experienced little to no relief, you may still be a candidate for Viscosupplementation Therapy. Call (732) 827-0800 and schedule a no cost screening today! *You have nothing to lose but your pain!*

According to the American Academy of Orthopaedic Surgeons (AAOS), there are about 270,000 knee replacement operations performed each year in the United States; this image depicts the procedure.

## **How does this therapy work?**

Northeast Spine & Wellness Center uses high tech medical equipment and decades of experience to pinpoint problem areas with extreme accuracy. Viscosupplementation is then injected into the knee joint and bonds with naturally occurring joint fluid to create a lubricating and cushioning layer. This reduces pain, inflammation, and swelling of the joint. Most patients compare the treatment to getting a flu shot and report little pain or discomfort.

## **What is injected into the knee?**

Hyaluronic acid (Hyalgan) is a natural substance extracted from rooster combs and purified to mimic the lubricating substance (synovial fluid) that occur naturally in the joint. In patients with osteoarthritis synovial fluid “dries up,” allowing the cartilage of the joint to rub against itself and other surfaces causing pain, inflammation, and in most cases damage to the joint. Think of this treatment like oiling a squeaky door hinge. Once applied, the squeaking stops and the door moves more freely.

## **When will I feel results?**

Most feel an immediate reduction in pain and return to normal activities in weeks.

## **Considering surgery?**

People who suffer from knee pain typically try supplements or pain medications before seeking help from a doctor. When all else fails and the pain is too much, some feel surgery is the only option.

## **How do I know that this is right for me?**

The American Academy of Rheumatology recommend the use of Hyalgan for treatment of osteoarthritis of the knee. At Northeast Spine & Wellness Center we will give you an honest and fair evaluation of your particular knee pain. To accommodate demand, we have opened our schedule to provide “no cost” screenings.

## **Real Patients, Real Stories, Real Relief!**

“My knee feels great. I was a bit skeptical when I first read about the program in the paper but from the moment I walked through the door I knew that this program was going to be different. The entire atmosphere from the attitude of the staff to the office itself put me at ease. I had already had a total knee replacement and wanted to try something rather than go through another painful surgery. After completing the program my initial impression was correct. I can now dance again which I have not done in years, and my lifestyle is on its way back to normal.”

- Elizabeth B.

Surgery is no longer your only option. Hope does exist, and this therapy has helped others like you.

**So what are you waiting for?** Pick up the phone and call us today to schedule your risk-free, no-obligation, screening at no cost to you. Since adding this medical breakthrough to our practice, the response has been overwhelming. So we’ve added extra lines to accommodate your calls. If our line is busy, or if you are re-directed to voice mail, please leave a message or call back. Living pain free and getting your life back is well worth the time and effort it might take to get a hold of us so that we can schedule your no-cost screening. So keep calling - help is only a phone call away... (732) 827-0800. While you are trying to reach us, please feel free to visit [www.NESpineCenter.com](http://www.NESpineCenter.com) where you can learn more about Viscosupplementation Therapy and how it may be the right solution to your knee pain.

## TROOP 68 SCOUTS VISIT MONMOUTH BATTLEFIELD STATE PARK

This past year there was an exciting and adventurous trip when the Scoutmaster from Troop 68 in Union, NJ took some of his scouts on a hike at the Monmouth Battlefield State Park. The Battlefield has several trails, the scouts covered a few miles of terrain on this great historic site. The scouts had a great day hiking as they were led by their Sr. Patrol leader during this day. Hiking is not unusual for this troop who has covered many trails on various other campouts. Two Assistant Scoutmasters went along to accompany the scouts and keep everyone moving.

## SHERLOCK HOLMES AND “THE DYING DETECTIVE”, 7TH GRADE STUDENTS AT KAWAMEEH MIDDLE SCHOOL PARTICIPATED IN THEIR FIRST ANNUAL MYSTERY WEEK

As part of a literature unit focusing on Sherlock Holmes and “The Dying Detective”,

7th grade students at Kawameeh Middle School participated in their first annual Mystery Week. From March 10th through March 14th, students engaged in a variety of activities focusing on the mystery genre and how actual mysteries are solved in real life. In order to enhance the experience, Officer Paul Ward, from the Union Crime Scene Unit, gave a detailed presentation on what crime scene investigation entails. The following day, English teachers Jacquie Fernandez, Nikki Ferraro, Joy Shaw, and Nikki Toccaceli constructed a “mock” crime scene in the school library with the help of librarian (and key witness) Mary Lewis.

Students were then brought in to investigate the crime, complete a police report, and write a mystery narrative based on the evidence they gathered.

# SPRINGTIME HOME IMPROVEMENT SCAMS - DON'T BE A VICTIM!

Like the Township of Union NJ Police Department on Facebook

This was an unusually cold and snowy winter and now is the time to start thinking about home repairs. This alert serves as a reminder that this is the time of year when unscrupulous people come out of their winter retirement and start operating throughout the Union County area offering to do your repairs for a very minimal fee. These people share one common goal, to take your money and run. The con starts when one knocks on your door and offers to do repairs around your home. These repairs could be roof coating/repair, fixing a fallen fence, asphalt paving/driveway sealing, house/barn painting, tree pruning/landscaping, and termite/pest control, just to name a few. They offer to do the work and charge you less than what a reputable local company would charge you. The idea of paying less money is always a welcoming thought, but you must remember that doing business with someone that is just passing through can prove to be a disastrous decision.

After receiving a deposit, or the full amount,

you're told they are going to get the supplies and will return. Some take the money and never return. Those that do come back, usually provide extremely poor labor. For example: paint is watered down, paving material is applied very thin and will crumble and crack within a short time, insect spray is made up of nothing more than water and/or water and milk, roofing repair consists of spraying silver or black spray paint on the roof. These people have also been known to con their way into your homes on the pretense of using your phone, checking for leaks from the roof, etc. While inside your home, they look for valuables, easy items to pocket and/or your personal information. Some work in pairs. While one of them has your attention, the other is working their way through your home taking what isn't theirs.

Always remember: There is no reason to ever let a stranger into your home. Don't do business with door-to-door contractors.

Take the time to actually call the Union Police

Department if you are not sure of who really is at your door at (908) 851-5000.

## TOWNSHIP OF UNION NJ POLICE DEPARTMENT DETECTIVES OFFERS THESE TIPS:

- Request proof of registration with the state Division of Consumer Affairs; all contractors are required to register with the state, even if they are based outside the state.
- Request proof of commercial general liability insurance. The state requires insurance coverage for a minimum of \$500,000.
- If they claim to be working in the area, ask for references.
- All contractors are required to prominently display their registration number on advertisements, business documents, and place of business. New Jersey registered commercial vehicles must have the number displayed on the company vehicles. Any home improvement project for a purchase price exceeding \$500 must be in writing.

# RICH KUBICZ & FRIENDS WITH DAMN THE TORPEDOES, BUBBA GROUCH, AND GUEST PERFORMERS PAM WAHLBERG, MIKE ANDREOLA & STEVE LUCAS TO PLAY NORTHERN NEW JERSEY'S MOST INTIMATE COFFEEHOUSE

The SALEM ROADHOUSE CAFÉ proudly presents Rich Kubicz & Friends on Saturday, April 12, 2014. Doors open 7:00PM. The music starts at 7:30PM Admission is \$15.00/\$10.00 for students with ID.

This is Rich Kubicz' 7th appearance at the Roadhouse Café. He has been performing with his Tom Petty tribute band Damn the Torpedoes at every April show since the inception of the Roadhouse in 2008. Rich is currently working on his second album of original music, and this April show will feature music from his original album along with classic rock and blues covers. The evening will feature Damn the Torpedoes as the "house" band. Special guests will be singer Pam Wahlberg and guitarists Mike Andreola and Steve Lucas. There will also be some extra surprises in store for the audience.

Bubba Grouch returns for their second

appearance at the Roadhouse. The band's music can best be described as "rock with a slight southern twang", and was well received to rave reviews at their first Roadhouse show.

All ages are welcome. It's a wholesome show, so bring the entire family.

Plan now for an evening of great music in Northern New Jersey's Most Intimate Coffeehouse™.

## ABOUT SALEM ROADHOUSE CAFÉ

You wouldn't think that a coffeehouse tucked away in a church basement would become the local hotbed of musical talent, but that's just what has happened with the SALEM ROADHOUSE CAFÉ over the past six years. Musicians simply love the place, and when musicians love a place they play their hearts out for the audience. It's a coffeehouse; not a bar. The Roadhouse serves coffee and tea, and a

selection of hot and cold snacks and desserts all included in the admission. The audience and the performers are within touching distance of each other - it's a very intimate musical experience, and it brings out the best in the performers. The sound system and professional stage lighting ensure an enjoyable experience.

And there's art. The Roadhouse presents original art work on display and available for purchase in the ROADHOUSE FINE ARTS GALLERY.

Show proceeds always benefit local NJ charities.

See the Roadhouse on Union TV Channel 34's "Union After Dark" nightly music series.

SALEM ROADHOUSE CAFÉ is located at 829 Salem Road, Union, NJ 07083. On the web at: roadhousecafe.org

## CRUISE WITH US - FIGURATIVELY SPEAKING

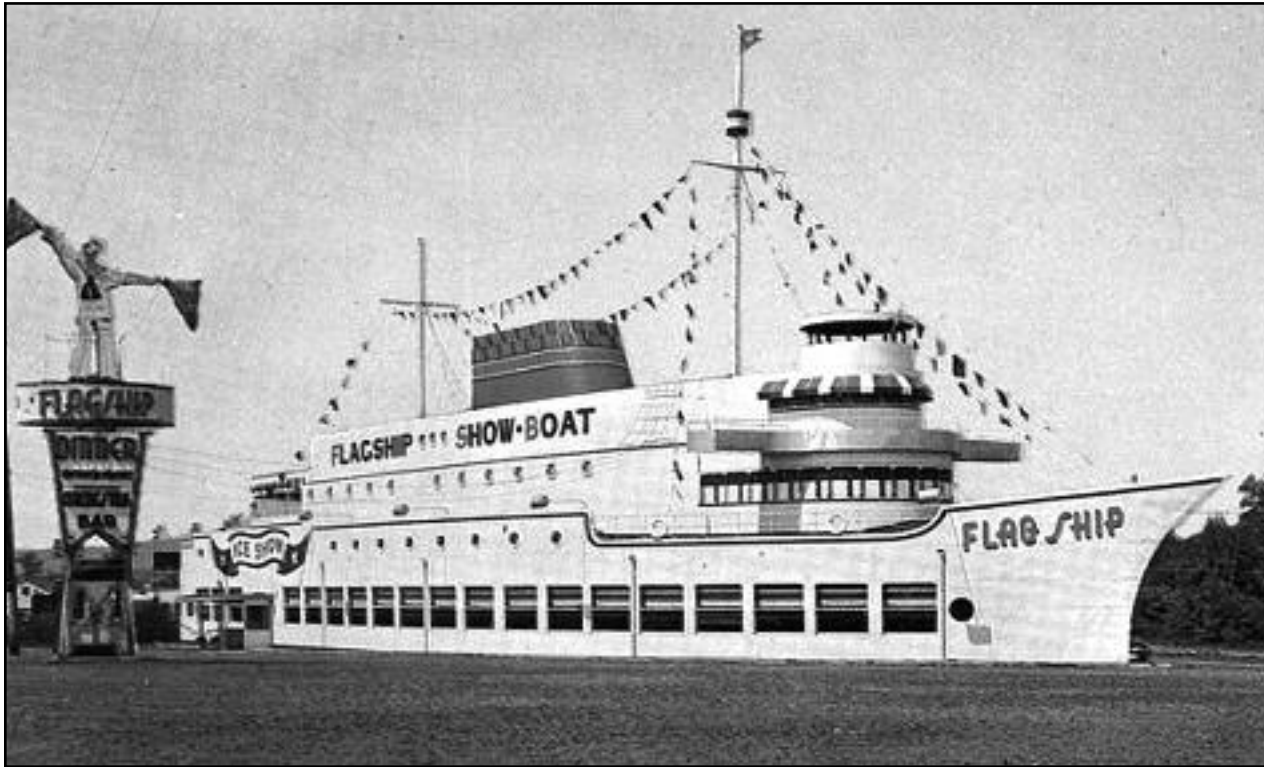

Put the top down and rev up the engine, we're going out on the highway for a history of Route 22 (formerly Route 29), businesses and structures that line it now, and those that are gone—but not forgotten—thanks to some amazing photography!

A ride down memory lane and back to the future will be conducted via a slide presentation by Tom Beisler and Tom Haggerty, trustees of the Union Township Historical Society, at the Caldwell Parsonage, 909 Caldwell Avenue,

Union, on Sunday, April 27, 2014, at 2:30 pm.

Their program will be part of the meeting of the Union Township Historical Society, which will begin at 2 pm. Non-members are cordially invited to attend. Refreshments will be served. Admission is free; donations are greatly appreciated.

For more information, please visit the Society's websites [www.unionhistory.org](http://www.unionhistory.org) and [www.uniontwphistoricalsociety.webs.com](http://www.uniontwphistoricalsociety.webs.com) or call Barbara La Mort at 908-687-0048.

(above) A ship on dry land? Well, sort of. The Flagship was a landmark supper club, among other businesses that were housed in the unique structure over the years, on Route 22 (aka Route 29). Today, it's the site of P. C. Richard & Son.
