ART STUDENTS DELIVER HOLIDAY CARDS TO NURSING HOME

The National Honors Art Society, under the direction of Art teacher Kim Nydick, designed and crafted hundreds of original holiday cards, and delivered them personally to the 170 residents of the Hartwyck at Cedar Brook Nursing Home, Park Avenue, Plainfield on the morning of December 22nd. The administrators and residents at Hartwyck were impressed by the

professional looking, handmade cards. The residents were visibly touched by the visit, many of whom shared tears of joy with our students. Our students, also visibly moved, expressed the desire to return for another visit in the future. The holiday card project was a fund raiser that raised money for the materials to make the cards, and the remaining money, \$170.00 was donated to Hartwyck.

NPHS PRINCIPAL SPEAKS TO ROTARY

Members of the Plainfield-North Plainfield Rotary Club enjoyed a detailed presentation by North Plainfield High School principal Dr. Jerard Stephenson at their January 14 meeting.

The Rotary Club enjoys a special relationship with the high school through its sponsorship of the school's Interact Club, a service-based club for students from freshman through senior years.

Interact members have been working enthusiastically and diligently with Rotary club members at the Rutgers basketball concessions to raise money for Rotary scholarships and other service projects.

Dr. Stephenson updated the club members on the progress that the high school has enjoyed in furthering educational objectives, as well as the status of on-going activities.

The school is planning a career day in the spring which will allow students to visit with people that work in different careers. Anyone interested in participating is asked to contact Dr. Stephenson at 908-769-6000, ext. 3103.

The Rotary Club welcomes new members who have an interest in serving others as their guest. The club meets Wednesdays at 12:15 PM in Giovanna's Restaurant, 1462 South Avenue, Plainfield.

THE NORTH PLAINFIELD SENIOR CITIZENS GROUP MEETS EVERY TUESDAY AT 10:30 AM AT THE COMMUNITY CENTER 614 GREENBROOK ROAD, NORTH PLAINFIELD.

WHITE TIGER NEEDS A HOME

Submitted by The Plainfield Area Humane Society

The Plainfield Area Humane Society has been uniting pets and people since 1933. We are located at 75 Rock Avenue, Plainfield. Our phone # 908-754-0300.

Our current website is www.pahs.petfinder.org and we're on Facebook and Instagram too.

We always have a wide variety of dogs and cats looking for homes. We even have 2 Guinea Pigs! All of the animals are vaccinated and tested; dogs for Heartworm, Lyme and E-Canis, cats for feline leukemia and feline aids. All animals (except the Guinea Pigs) are spayed or neutered and micro-chipped before they go home.

We are open to the public on Tuesday, Wednesday and Friday 12-4; Thursday 12-6; Saturday 12-3 and Sunday 12-2. We are closed on Mondays and all legal holidays.

(above) a young Shepherd mix that we named White Tiger. He's not a tiger! He was found as a stray at the White Tiger laundromat, with no tags or microchip. He is about 2 years old, and a nice dog that would do well with a family.

Come and see if White Tiger, or another resident, will be a good addition to your family.

MUSIC AT THE MANSION

The Friends of Vermeule Mansion invite you to attend Mardi Gras at North Plainfield's historic site. The concert by the Somerset Brass Quintet, on Sunday, February 15, at 3:00 PM, at 614 Greenbrook Road, is part of our Music at the Mansion series. The Quintet will perform in the Fleetwood Camera Museum housed in the Mansion. Refreshments will be served in one of the period rooms. Costumes are optional and a prize will be given for the best one. Admission is free.

The Vermeule Mansion is a Greek Revival style home which was probably constructed in 1840. In 1870 Jeremiah Van Derventer enlarged and remodeled the home in the Second Empire style, adding a mansard roofed third story. Van Derventer was a successful businessman who served as president of the First National Bank of Plainfield as well as the president of Plainfield's gas company. He served on the Plainfield Township Committee and was a member of the County Board of Chosen Freeholders.

In the early 20th century the home was again enlarged, this time by Van Derventer's grandson, Augustus J. Brunson, who was an attorney and president of the First National Bank of Plainfield. In this remodeling, Colonial Revival fireplaces and features were introduced. The site, owned by North Plainfield and operated by the Friends of the Vermeule Mansion, currently houses the Fleetwood Museum of Art and Photographica.

- Chronic tendonitis
- Tennis/golfers elbow

What makes Performance Rehabilitation's approach so different?

- Physician and staff use the patient treatment model of shared decision-making in an integrated care setting.
- Receive timely treatment from the most appropriate specialists.
- All treatments performed by a medical physician, board-certified in physical medicine and rehabilitation and sports medicine, as well as fellowship-trained in pain management and regenerative therapy.
- Effective treatment options that address the root cause of many orthopedic conditions instead of managing patients' symptoms using medications or devices.
- Enjoy a quick, easy referral process if indicated.
- For patient convenience, all treatments and diagnosis performed on site.

What is Regenerative Medicine?

Regenerative Medicine is an exciting new branch of non-surgical orthopedic medicine, which uses science to enhance the body's natural healing ability. The *Regenerative Medicine Center* at **Performance Rehabilitation & Integrated Medicine** uses an emerging non-surgical orthopedic procedure called Platelet Rich Plasma Therapy (PRP) to rejuvenate and repair damaged tendons, ligaments, and cartilage.

What is Platelet Rich Plasma Therapy (PRP)?

Simply stated, when you are injured in an acute sports trauma or as the result of the aging process your body will automatically send growth factors and stem cells to the injured site to repair damaged tissue.

At **Performance Rehabilitation & Integrated Medicine**, we enhance that process. We draw blood from the patient and process it, to separate the healing power of platelets from blood plasma. The doctor then takes the concentrated healing components of the patient's own blood and re-introduces them or "grafts" them into a specific injured site to regenerate tissue and speed the healing process. The grafting is done with precise accuracy under Ultrasound or X-ray imaging and the patient leaves the office in under an hour. The research shows we can deliver 500% more growth factor and bioactive proteins to the injured area with a PRP application than would occur naturally.

Is Treatment Covered by Most Major Health Insurance Plans, Including Medicare?

YES, most major insurances and Medicare will pay for some if not all of **Performance Rehabilitation & Integrated Medicine's** services.

The North Plainfield Schools are proud to announce that North Plainfield HS senior Mateo Gilsilveti has committed to Princeton University, having previously received acceptance and the offer of a full-scholarship for four years.

School Counselor, Shane Repman and Director of School Counseling Services, Linda Remolino were asked to share some thoughts regarding Shane:

Mateo Gilsilveti is the type of person you hope your own child can emulate, both academically and personally. His grades have never been lower than an A in high school and his rank has remained steadfast at #1 in his class. Mateo's previous and current course load is the most demanding offered at North Plainfield High School; consisting of a variety of both AP and honors classes. Remarkable grades are just the tip of the iceberg in painting a vivid picture of this fine young man. Throughout high school, Mateo has been immersed in extra curricular activities from leadership roles, musical endeavors, athletics, underclassmen mentoring, community service, part-time employment and advanced college level research writing. Aside from Mateo being an incredibly balanced, multitasking student, he is genuinely a nice person. He's polite, mature, conscientious, humble, a loving son and a true, reliable friend to his peers.

Mateo is fully committed to Princeton for the fall semester of 2015. Additionally, he is thinking about applying to medical schools after Princeton, which includes his dream of getting into Harvard Medical School. Mateo sets the bar high in every aspect of his life, and always crafts an effective strategy of achieving his goals.

Mateo Gilsilveti was asked to share some of his personal thoughts relative to his recent acceptance and scholarship award from

(above) Mateo Gilsilveti, North Plainfield HS Senior, Commits to Princeton University

Princeton University:

"When I was accepted to Princeton, I felt it wasn't just my accomplishment, but rather the accomplishment of the community in North Plainfield. It shows it doesn't matter where you come from, and if you believe and work hard enough you will be able to accomplish your goals. It hasn't really hit my mom yet. It doesn't seem real to her, although I know it's a weight off of her shoulders. My mom has inspired me my whole life, and I feel this is a golden opportunity to repay her for that sacrifice. Princeton is going to open many doors for me. In the future, I want to go to Harvard Medical School. It is critical that I don't forget where I come from. I want to give back to a community that has given me so much. Everybody from the teachers, staff and students have been incredibly supportive and I will always be grateful for that."
