TONY AWARD WINNER RUPERT HOLMES VISITS SPFHS

Members of the cast and crew of the Scotch Plains Fanwood High School production of *The Mystery of Edwin Drood* got top-level advice and a glowing review from Tony Award-winning writer and lyricist Rupert Holmes Wednesday at the high school.

Holmes, who wrote the script and the music for the play, dropped by to talk with the cast and crew, answer questions and to listen to several songs. He's a friend of a Scotch Plains family and heard the group was putting on the production and asked if he could visit before the show is put on next month.

The Mystery of Edwin Drood is a hilarious, interactive whodunit mystery musical that allows the audience to enter the action and become the ultimate detectives. The March shows are produced by the SPFHS Repertory Theatre.

The show is based on Charles Dickens' unfinished novel of the same name. In a small town in England, Edwin Drood has been mysteriously murdered. But, who did it? There is a long list of suspects. Dickens died before he was able to reveal the culprit, so the audience finishes the story Dickens didn't! It can end differently every night, depending on what the audience decides.

Performances will be held on Friday, March 11, at 8 p.m.; Saturday, March 12, at 8 p.m.; Sunday, March 13, at 2 p.m.; Thursday, March 17, at 7 p.m.; Friday, March 18, at 8 p.m.; and Saturday, March 19, at 8 p.m. All shows take place at the Manya Ungar Memorial Auditorium

NATIONAL MERIT SCHOLARSHIP FINALISTS ANNOUNCED

The National Merit Scholarship Program has announced that two Scotch Plains-Fanwood High School seniors, Shona Jain and Daniel Zheng, are Finalists in the 2016 Competition for National Merit Scholarships.

This is one of the most coveted honors that can be bestowed on a high school student and is shared by less than 1% of graduating seniors. To qualify as a National Merit Scholarship Finalists, the National Merit Scholarship Corporation reviews each student's academic record, information about the school's curricula and grading system, two sets of test scores, the high school official's written recommendation, information about the student's activities and leadership, and the Finalist's own essay.

A DAY OF DISCOVERY AT HOWARD BRUNNER ELEMENTARY SCHOOL

The Brunner School PT hosted a wonderful science and engineering day at Brunner School on Saturday, February 20th. Students explored concepts in magnetism while they raced cars with magnets using opposite poles, they also got a first hand look at the inner workings of computers at a “take apart station”, experimented with electricity by making circuits, programmed computers, and much more.

Also a hit at Day of Discovery was the opportunity to visit the Starlab Planetarium. Starlab is an inflatable planetarium that students and parents can enter and be taken millions of miles away to the far reaches of our Solar System. Mrs. Charlene Hall, third grade teacher at Brunner School, led the explorations in Starlab while Mr. Garrett Lesnevech led the parent volunteers who facilitated inquiries in the multi-purpose room. When Starlab was finished at Brunner, it was packed up and taken to Park Middle School where science teachers, Mrs. Peggy Brown and Mr. John Scholtz, were able to share this experience with their sixth grade scientists.

NEEDLE NITERS UNITE AT PRESBYTERIAN CHURCH

People attending Needle Nite at Fanwood Presbyterian Church make many lovely items for charities. At the January meeting 40 quilts were ready to be displayed at the Harvest Quilter’s Show on April 2nd at Willow Grove Presbyterian Church. Also, collected were several crocheted afghans, knit sweaters and hats and booties for the new born and hats and scarves for the Seafarers on cargo ships.

Nancy Bassman, co-chair of Needle Nite demonstrated the new pattern for 2016 named “9 Patchtastic”, a variation of the classic “9 Patch”.

The next Needle Nite at Fanwood Presbyterian Church is scheduled for March 4th at 7:30pm in Westminster Hall on Marian Ave. The April

Needle Nite is now scheduled for the second Friday on April 8th.

All are welcome to come and see what is being done and to join the group. If fabric, batting or yarn is needed, Needle Niters may e-mail their request to needlenite@fanwoodpc.org. The donated materials used end up in many forms usable by the charities that receive them. The Needle Nite Participants then take their newly learned skills for their use at home.

For further information about these projects or directions to Fanwood Presbyterian Church please call the office at 908-889-8891 or e-mail admin@fanwoodpc.org or check the web www.fanwoodpc.org.

SPF HS STUDENTS’ BARCELONA EXCHANGE

Eighteen students from Scotch Plains Fanwood High School traveled to Spain on February 10, 2016 to participate in a student exchange program with students from Col. legi Sagrada Familia in Barcelona. Our students stayed in the homes of their pen pals in Barcelona during the 10-day exchange, where they were challenged to use their Spanish to communicate while experiencing aspects of daily life. Numerous exciting activities were packed into their whirlwind travel experience.

Students spent a couple days in Madrid, Spain’s capital, where they visited places of interest such as the famous Prado museum, the Reina Sofia Art Museum, and the Palacio Real, attended (and participated in!) a Flamenco performance, and enjoyed a traditional Tapas dinner.

From there, students traveled by train to Barcelona where they met up with their pen pals, stayed with their host families, attended school and facilitated presentations for classes in

Barcelona about life in Scotch Plains-Fanwood High School and experienced daily life as a typical Spanish teenager.

Upon their return to the United States, our student travelers will anxiously await the arrival of their Barcelona pen pals, who will visit Scotch Plains and Fanwood beginning on March 9, 2016. Our families will then host the Barcelona students during their 10-day stay here.

INROADS TO OPPORTUNITIES AND MAGLEY FAMILY PARTNER FOR A PERFECT DINING EXPERIENCE

Written by Michele Ford

On July 1, 2015, Inroads Enterprises LLC, a division of Inroads to Opportunities, purchased and began operating the Mara’s Café and Bakery in Fanwood, New Jersey. Inroads Board of Directors and the management staff had spent a year investigating a franchise purchase as a way to increase competitive integrated employment opportunities for individuals with disabilities. The Mara’s franchise seemed to be the right fit and the Magley family, owners of the franchise, were very receptive to this partnership. They are also grateful to the town of Fanwood for helping make the purchase a seamless one for the Café in helping get through the paperwork. The Café is located on South Avenue in the heart of Fanwood across from the train station and provides a comfortable dining experience for any time of day. Since purchasing this business, the staff at Mara’s have been working with the staff at Inroads to develop a training and employment experience for participants who traditionally have been fearful of entering the competitive job market.

According to Michele Ford, President of Inroads to Opportunities, “We are fortunate to

have kept the staff intact at Mara’s and have been able to retain the original owner to assist in making this new venture a smooth and successful one.” To date Mara’s has provided work opportunities to 5 individuals facing employment challenges. It has also given Inroads to Opportunities staff some insight into the changing landscape and expectations in providing training and employment for individuals with disabilities.

We hope that you will all come down to Mara’s to check out the bakery, coffee, breakfast, lunch and dinner offerings. We are also looking to provide other activities at the Café. October kicked off our Music Series, so now we have live music on select Friday and Saturday nights throughout the year.

Our goal is to provide a place for the community to enjoy live entertainment, which will include all styles of music and an Open Mic night. Check out Mara’s Fanwood Facebook page or the Mara’s website calendar to see what new and exciting offers are coming your way at Mara’s Café and bakery, 250 South Ave. in Fanwood.

7TH GRADE U.S. STUDIES JUST GOT INCREDIBLY INTERESTING

In an effort to make U.S. studies as immersive as possible for their students, Mr. Litz and Mr. Ritsko - Park Middle School's 7th Grade U.S. Studies instructors - have been selected to attend a week long summer institute with the purpose of integrating games with classroom learning. They know that no matter who you are and what your background, all people know what a game is. Through participation in a game based curriculum, students learn to take responsibility for their own learning by interacting, engaging, and working on the results that they set for themselves. This approach teaches team building and cooperation while making the social studies curriculum approachable and accessible to all students.

(above) Students featured: Christian Estevez, Ralph Ramos, Kotey Ashie, Hadley Moran, Jade Glassman, Emma Philip.

Princeton's Woodrow Wilson HistoryQuest Teaching Fellowship (a program created to expose teachers to new educational philosophies and techniques) has partnered with the Institute of Play (organization devoted to creating game like curriculums to simulate real world problems and well-thought out solutions) to host a week-long series of professional workshops designed to provide teachers new educational techniques with a focus on educational game design. Games naturally require users to implement many skills that are considered 21st-century learning objectives. From practicing active listening and peer-to-peer communication, to using constantly

changing data to make informed decisions while problem solving, games offer an interactive medium by which people (and in this case, our students) get to improve their critical thinking skills.

The addition of game-based learning to the U.S. studies program is sure to make for a more engaged student population and an incredibly exciting learning experience here at Park Middle School. Mr. Ritsko knows from his days as a student at Park Middle School, the way students learn has evolved and he, along with his colleague Mr. Litz, are delivering hands on experience with the outcome of history in a student centered way!

CAREER DAY AT PARK MIDDLE SCHOOL

This year's Career Exploration Day took place at Park Middle School on February 19th. Eighth graders participated in a series of presentations from community members and parent volunteers.

Throughout the day students listened to, asked questions, and discussed in small groups the benefits of learning about different careers starting in middle school. To highlight a few of the day's presenters: Dr. Karen Kulikowski shared her career path in dentistry, Mr. Dan Murphy shared his work at Verizon in the Innovation Program, and Scotch Plains Detective Brian Hayeck provided a look at the daily decisions law enforcement makes.

At the conclusion of the day, students were asked to think about which factors were most important in choosing a career. One student's response was, "I believe the opportunity to 'make a difference' is the most important. If you could improve the world with your work, that is fantastic!" Another student's response was, "Salary and benefits are most important because I will need to be able to make money so I can live the life I want."

The presenters were thanked for sharing their insights in career planning with our students as they begin to consider their transition to high school at the end of this academic year.

HISTORY & MUSIC OF THE FIDDLE IN AMERICA

Monday March 21, 7:30-8:30 pm

The College Club of Fanwood-Scotch Plains welcomes historian and working musician Matthew Backes to discuss the origins, styles, and interrelated histories of a range of fiddle traditions while demonstrating technique.

Until the early twentieth century, the fiddle was the centerpiece of American folk music and folk culture. Since then it has been the focus of a musical preservation impulse and a search for authentic folk expression, often referred to as "traditional" music.

The program is free and open to the public. The College Club's mission is to support education of our youth, local community and we encourage you to bring your children, scouts, and community groups to our meeting at The Chelsea located at 295 South Ave, Fanwood, NJ. Refreshments will begin at 7:30 pm with the program to start at 7:45pm.
