#### **VETERANS MEMORIAL PARK DEDICATION A SPECIAL MEMORIAL DAY IN BERKELEY HEIGHTS**

Berkeley Heights has had a long and proud tradition of honoring those who have served our Country on Memorial Day. This year's celebration will be particularly special. After over a year of planning, fundraising, and the hard work of many volunteers, the newly renovated and renamed Veterans Memorial Park will be formally dedicated. The Memorial Park Renewal Committee has worked tirelessly toward this undertaking. From the design of the new park and Memorial, to raising necessary funds, to its actual construction, the renewal of the park included much more than just a physical renovation. Through its launch of "Operation: We Remember" the Committee sought to educate the community about the importance of honoring our veterans and those currently serving in the military and to teach the critical importance of creating, building, and maintaining memorials to that service. "So many have sacrificed their lives so that we may have our freedom," commented Committee Chairman Ted Romankow adding, "It is our duty and responsibility to ensure they are memorialized, honored, appreciated, and never forgotten." Our schools embraced this premise by sharing the message of "Operation: We Remember" with our youngest citizens during the school year.

Funding efforts reached out to all of Berkeley Heights: the project with passion and pride. Contributions are still welcome.

immediately following the annual Memorial Day Parade

which begins at 9:30am at the VFW Post on Locust Ave. The Veterans Park Renewal Committee is seeking to recognize all our local veterans. The Committee invites those who have served most recently in the Persian Gulf and the ongoing War on Terror to share in the dedication of a new monument designed to recognize these recent military heroes. This new monument will be unveiled and take its place alongside existing monuments to those who served in World War I, World War II, Korea, Vietnam and Southeast Asia. "A Time to Pause and Remember" is the inscription on the Memorial Wall.

A special "Operation: We Remember" Challenge Coin has been designed for the occasion. It depicts the new park statue entitled "Fallen Soldier" donated by the late Vito Mondelli, Jr. on one side and the newly renovated park design on the other. Mr. Mondelli served as a Corporal in the U.S. Marine Corps during the Korean War and had been selected as this year's Grand Marshall. Sadly, he passed away in December. He was also a member of the Renewal Park Committee. Challenge Coins have a long tradition and are of special significance to members of our military. The Committee invites all veterans and currently enlisted service personnel to come to the event sign-in table and receive this gift. Community members who would like to make a donation to the park to honor a family member or friend who has served or to have as a keepsake of the renewed efforts of our town to honor them are welcome to receive the Challenge Coin. A Field of Flags will surround the new Memorial recognizing all those who have given their lives in service to the United States of America. The public is invited to share in this special tribute.

There are many important traditions in Berkeley Heights. Be sure not to miss this one! Additional information may be found at www.BHMemorialPark.com. The Memorial Park Renewal Committee is a non-profit 501(c)3 organization. Donations are tax deductible. Please join us in honoring and memorializing all those who have served and sacrificed for our freedom.

residents, local businesses, corporations, service organizations and foundations. In six months, the response to the over \$110,000 renovation project has been amazing, with a record number of funds raised thus far. The kickoff of the campaign began in September with Governor Livingston High School students publicizing the Renewal Effort through a poster campaign throughout town. A Charity Softball Game between the Police and Fire Departments quickly followed and was a huge success. A concert featuring patriotic performances by local choirs and musicians in December expanded the effort. A highly successful direct mail campaign was launched in January. The Berkeley Heights Elementary School Quest Program presented their salute to Veterans in February. Grants were received from area foundations, and a matching grant of \$55,000 was generously awarded from the Union County Kids Recreational Trust Fund. The entire community has embraced

Memorial Park was officially renamed Veterans Memorial Park by the township this past Veterans Day. The newly renovated park dedication takes place on May 30, 2016

# SPECIAL PRESENTATION TEACHES KIDS HOW TO KEEP THE EARTH CLEAN AND GREEN

Mrs. Kathleen DeAngelo, parent of a Mountain Park School Third Grader, recently organized a special presentation called "The Green Machine" for students at the school.

This program was generously funded by the Mountain Park PTO Cultural Arts Committee. The presentation began with a discussion and an experiment with hydrogen. Then, while in groups, students made compost and a "green" cleaner. Students learned about renewable energy sources. They recognized how important it is to do their best to avoid harsh chemicals and keep our Earth clean and green!

(above) Students gathered around and made compost and a "green" cleaner.

#### FIVE STUDENTS PLACE THIRD IN UNIQUE NATIONAL COMPETITION

Five Berkeley Heights, New Jersey, students have figured out the formula for excelling in a national championship. The group placed third in a one-of-a-kind national math competition, rising above thousands of other students for a prize of \$10,000 in college scholarships.

The prestigious Moody's Mega Math (M3) Challenge drew 5,000 eleventh and twelfth-graders who were asked to use mathematical modeling to determine the best solutions for issues facing the future of mobility, from carsharing to driverless technologies. A total of \$150,000 was up for grabs, divided among the finalist teams and top performers nationally.

Eleventh-graders Michael Wu, Gianna Miggins, and Niyant Narang and twelfth-graders Anna Song and Alexander Ju from Berkeley Heights-based Governor Livingston High School placed third in delivering what was found to be an outstanding mathematical solution to how and where car-sharing companies can flourish in a rapidly-shifting automotive landscape. The students presented their findings at Moody's corporate headquarters in New York City on Monday, along with five other finalist teams.

Organized by the Philadelphia, PA-based Society for Industrial and Applied Mathematics (SIAM) and sponsored by New York, NY-based The Moody's Foundation, the competition attracted more than 1,100 teams of three to five students who put the problem-solving skills they have learned in the classroom to the test – from recommending U.S. markets where automakers should put their car-sharing dollars, to determining the best business models and

technologies to help car companies stay ahead of the curve in a highly competitive market that aims to decrease traffic, pollution and oil dependence.

The M3 Challenge – designed to spotlight the relevancy and power of mathematics in solving real-world issues, as well as motivate students to consider further education and careers in math and science – gave participants 14 consecutive hours during the last weekend of February to study the issue in question, collect data and devise models before uploading their solutions online.

"Participating in the M3Challenge has been an exciting and eye opening experience that gave us a taste for career options that involve math," said urNiyant Narang of the winning team, adding that the team members bonded as a result of their

participation. "What we learned most is how much math is used in the real world and how it can be applied to solve real life problems." The team was coached by Steven Hess, math teacher at Governor Livingston High School.

Judges serving on the panel to review the final presentations were impressed with the students' performance and character. "Each of the teams demonstrated an enormous amount of creativity, and that's something people might not always associate with mathematics," said Dr. Ben Galluzzo, Associate Professor of Mathematics at Shippensburg University and one of the M3 Challenge judges. "In addition to their creativity, the teams came up with solutions that were made up of much more than numbers — they could actually affect change within a real world problem.

# GLHS BREAKS GOALS FOR FUNDRAISING

Governor Livingston High School recently hosted its Fourth Annual St. Baldrick's Foundation event to help raise money in support of finding cures for childhood cancers.

Teachers, administrators, students, and community members came together in support of this amazing cause. As a result of this group effort, Governor Livingston surpassed its four-year goal of raising \$100,000 to fund pediatric cancer research. This is a tremendous accomplishment, which will go a long way toward conquering childhood cancers.

Thank you to Mrs. Kimberly Fleming, Mrs. Jeanette Gates and Ms. Staci Toporek of the Governor Livingston faculty, who worked hard to make this event a great success. A big thanks also goes out to those individuals who made monetary donations and actively participated in this fundraiser.

#### NICOLE AND GIANNA DORIA WIN SCHOLARSHIPS TO STUDY IN ITALY

Mrs. Teresa Sengel, the World Language Department Chair at Mount Saint Mary Academy in Watchung, announced on April 18 that Nicole and Gianna Doria, of Berkeley Heights, and Sarah Burke of Westfield earned grants to study in Italy from the Italian American Committee on Education (IACE)

The students were recommended by their teachers, Mrs. Sengel and Ms. Giuseppina Lane. Each submitted a multimedia project in which they presented customs, styles and designs, as

Mrs. Teresa Sengel, the World Language well as brands typical of Umbria and Narni, Italy.

Every year, only 20 students are selected nationwide to study there. Students are given the opportunity to spend two weeks in Narni, where they take full immersion language classes in the morning, and participate in local cultural and recreational activities in the afternoon.

If you would like more information about this topic, please contact Michelle H. Daino, Director of Communications at 908.757.0108, ext. 4549 or email at mdaino@mountsaintmary.org

# THE TEEN WOMEN INTERESTED IN SCIENCE AND TECHNOLOGY EXPERIMENT ON POTATO CHIPS

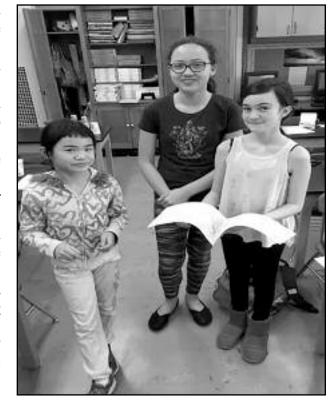

The Teen Women Interested in Science and Technology (TWIST) group at Columbia Middle School recently experimented with potato chips. The question they posed was "Is what's good tasting actually good for you?"

The process included first smashing a portion of chips onto graph paper and letting the oils seep in. Then, after waiting a few minutes, the students used that graph paper to determine the area of the oil stain.

Students are shown here conducting their experiments. The results were fairly consistent, with at least one student concluding: "My mom was right. What she says is healthy seems to have much less oil."

Mr. Frank Geiger, Principal of Columbia Middle School, came to the following conclusion, stating, "According to my research, the most oily chip seemed to be the best tasting."

Mrs. Kimberly Tota is the faculty advisor to the TWIST organization at CMS.

# Do you suffer from Knee Pain?

ADULT STEM CELL THERAPY may be the answer.

#### What is Adult Stem Cell Therapy?

Performance Rehabilitation & Integrated Medicine is a pioneer in the field of Adult Stem Cell Therapy. This emerging field of medicine uses a simple, in-office, medical procedure to obtain your own stem cells (not the controversial embryonic cells) and Platelet Rich Plasma (PRP) to rejuvenate and repair painful damaged joints, cartilage, tendons and ligaments. Adult Stem Cell / PRP Therapy is a proven, safe, non-surgical treatment for pain that can return you back to an active lifestyle again, NATURALLYII

#### You may be a candidate if:

- · Your knee is "bone on bone" and you are considering knee replacement surgery.
- · You have a meniscus tear.
- · You have been diagnosed with arthritis.
- You have tried joint injections and/or physical therapy and still have pain.
- · You have had surgery and still have pain.

## What makes Performance Rehabilitation & Integrated Medicine's approach so different?

Since 2011, Dr. Joseph Mejia of PR&IM has pioneered the use of adult stem cell therapy for the treatment of arthritis and many other orthopedic conditions. We were the first clinic in New Jersey to combine Adult Stem Cell Therapy, Platelet Rich Plasma Therapy (PRP) and Rehabilitation for the comprehensive treatment of joint pain.

### Learn more www.PerformanceRehabNJ.com

#### Based on the Most Current Research\*

#### Adult Stem Cell / PRP Therapy is proven to:

- Aid in the Repair of Knee Cartilage and Meniscus
   Be Simpler Than Surgery
  - · Require No Lengthy Recovery · Provide Effective Pain Relief

\*The Journal of Anthroscopic Surgery & Related Surgery, January 2016

YES - major insurances including Medicare will pay for most, if not all of PR&IM's services.

Here is an example of what our patients have to say ...

I had suffered with chronic pain for 15 months that kept me from enjoying my normal activities. I'd seen numerous physicians and none of them were able to alleviate the pain.

The Adult Stem Cell Therapy treatments at Performance Rehabilitation & Integrated Medicine changed all of that. I am finally able to return to doing the things that I love: boxing, working out, skiing, spending time with my son and just being active.

I am very happy with the quality of care that I received at PR&IM and with the positive results that I have achieved. - David E. Cassidy, Esq., Bridgewater, NJ

# GOVERNOR LIVINGSTON ENVIRONMENTAL CLASS AWARDED \$2,000 SUSTAINABILITY GRANT

Sustainable Jersey announced that the Governor Livingston Environmental Class, taught by Lara Mendenhall, has been awarded a \$2,000 Sustainable Jersey for Schools capacity-building grant funded by the PSEG Foundation. Four \$10,000 grants and thirty \$2,000 grants were distributed to fund a variety of projects including food composting, outdoor classrooms, sustainability education, rainwater collection, recycling and more.

"The students, faculty, and administration at Governor Livingston High School are excited and honored to be chosen to receive a PSEG Sustainable Jersey for School Grant. This Grant will help fund GL students as they conduct action research and develop sustainability initiatives for the school that they have developed. Students have formulated ideas, designed research methodologies, and carried out independent investigations geared around the sustainability of our school and community. Thank you for your

support in empowering our students to make real changes in how our school impacts the world in which we live and study." –Lara Mendenhall, Governor Livingston High School Science Teacher

"The grants create an opportunity for teachers, administrators and their respective communities to shape the future of their students and schools for years to come," said Donna Drewes, who codirects Sustainable Jersey with Randall Solomon. She extended her congratulations to all of the schools and districts that received grants. "Grant funding will build capacity as schools embark on sustainability projects making today's real winners the students," Drewes said.

The PSEG Foundation has contributed over one million dollars in funding to the Sustainable

Jersey Small Grants Program. "Our long standing partnership with Sustainable Jersey has helped to empower schools to develop projects that provide students with the opportunity to learn more about sustainability, protecting the environment and STEM education," said Ellen Lambert, president of the PSEG Foundation.

Proposals were evaluated by an independent Blue Ribbon Selection Committee. The Sustainable Jersey for Schools grants are intended to help school districts and schools make progress toward a sustainable future in general, and specifically toward Sustainable Jersey for Schools certification. Currently 161 districts and 427 schools have registered to work toward Sustainable Jersey for Schools certification.

#### **BHVRS HOSTING A FLOWER/PLANT FOR RELAY FOR LIFE TEAM**

The Berkeley Heights Volunteer Rescue Squad (BHVRS) will be hosting a Flower/Plant sale to raise money to be donated on behalf of the BHVRS Relay for Life Team - BH EMS (Bringing Hope Every Minute to Survivors). The Plant Sale will be held on Sunday, May 15 at the Squad building (378 Snyder Ave) from 11am to 3pm. There will also be a selection of mouthwatering baked goods to purchase. Please come out and support both the rescue squad and your community, all while raising money for a great cause. All proceeds will be donated to Relay for Life and The American Cancer Society.

The cadets are very involved with supporting the community. Every year they hold a holiday food drive to raise awareness and aid the fight for hunger in our community and across the nation. Food items collected are donated to the Community Food Bank of NJ, which distributes food to feeding programs at some 1,500 non-profit charities including shelters, soup kitchens, after school programs and senior centers in NJ. The cadets are also instrumental in hosting and organizing a blood drive every year on Black Friday.

The BHVRS is proud to have been an integral part of the community since 1942. Whatever their reason for joining, the BHVRS offers members an opportunity to become part of a supportive, like-minded community of dedicated men and women. Long-standing member and current Vehicles Lieutenant Bill Schulz re-started the squad's cadet program in 2008. In its early years, the cadets were primarily the children of members but the program has since evolved to be mainly students from surrounding high schools.

Governor Livingston sophomore Cate Dougherty says, "I decided to volunteer at the Berkeley Heights Volunteer Rescue Squad as a way to learn some basic medical skills, as I have been thinking of pursuing a career in medicine. What was supposed to be just an after-school activity, deciding-what-I-should-do-with-my-life venture, has become something so much more as its own special part in my weekly life." For many of the cadets, it is an opportunity to test out a career in the medical industry and gain a valuable set of skills, all while learning the ins and outs of the Emergency Medical System (EMS) in a hands-on and integrative way. The cadets meet as a whole every month to go over skills and various trainings to prepare them for different types of calls they might see. They practice with equipment, prepare the ambulances at the start of their shift, and fill out call sheets using mock-up patient information. The cadet meetings are the

perfect mix between having fun on a Wednesday evening and embracing the opportunity to learn as much as possible about the EMS system.

Every cadet is very eager to learn more and continue their education. The program not only trains students in EMS, but allows them to respond to emergency calls as well. The cadets train in CPR, First-aid, and receive hands on training during emergency situations. Cadets serve as an integral part of the workings of every call. Depending on their level of experience and time riding with the squad, cadets have many jobs while on a call ranging from recording patient's information on a call sheet, assisting the patient with their oxygen, or taking the patient's vitals, with an Emergency Medical Technician is present(EMT).

There are a number of cadets that obtain their EMT license while handling their numerous other responsibilities and volunteering with the BHVRS. The squad encourages its cadets to further their education and if the cadet has proven to be a valued member, BHVRS will fund their EMT certification course. The squad highly values their cadets and members are eager to assist them by answering their questions or serving as study partners. Nicole Segalini, a junior at GL, says, "The rescue squad is a group of the most caring and dedicated people I've ever met. As soon as I joined they made me feel like one of the family and being a member on the squad means the world to me."

Whether you are interested in riding on the ambulance or would prefer to help organize community events, the BHVRS is always looking

for people who are eager to lend a hand. The squad is staffed 100% by volunteers, 24 hours a day, every day of the year and is funded primarily through donations.

For more information on the squad, making a donation or volunteering with the Berkeley Heights Volunteer Rescue Squad, visit their website at bhyrs.org, call 908-464-0013, or email membership@BHVRS.org.
