# **ROBOWARRIORS HAVE IMPRESSIVE FINISH IN COMPETITION**

Submitted by Dave Schlingloff

The WHRHS Robotics Team, the RoboWarriors, in their three-team alliance, placed second in the FIRST Robotics Mid-Atlantic Mt. Olive Event on March 5th and 6th. Individually, the team finished 17th out of 39 teams representing local New Jersey and Pennsylvania area high schools.

FIRST, which stands for "For Inspiration and Recognition of Science and Technology," is a not-for-profit charity organization based in Manchester New Hampshire founded in 1989 to inspire young people's interest and participation in science and technology. The FIRST Robotics Competition (FRC) is one of several programs run by FIRST. FRC, dubbed a "varsity sport for the mind," combines the excitement of sport with the rigors of science and technology. Under strict rules, limited resources, and time limits, teams of 25 students or more are challenged to raise funds, design a team "brand," hone teamwork skills, and build and program a robot to perform prescribed tasks against a field of competitors. It is as close to "real world" engineering as a student can get. Professional mentors volunteer their time and

talents to guide each team.

The WHRHS Robotics Team 41, the RoboWarriors, had another outstanding performance on April 14th through the 16th at the Mid-Atlantic Regional Championship at Lehigh University, making it to the quarterfinal round. This excellent showing is a combination of their second place finish at the Mt. Olive District Event and first place at the Montgomery Event.

During the competition at Lehigh, Team 41 had a strong performance in their 12 qualifying matches with a very impressive 10 wins and 2 losses. Going into the playoff round, they were the 8th ranked team out of 60 at the competition. Being in the top 8 put them in a position to choose the other 2 teams that would form their 3-team alliance. They were, however, chosen by a higher ranked team in the top 8 and decided to accept that team's offer to join them. Their alliance was defeated in the quarterfinals in 2 tough matches. The RoboWarriors did end the competition on a high note when they learned that their overall performance gave them a ranking of 16th.

#### **WATCHUNG SENIORS TRAVEL DOWN MEMORY LANE**

On Wednesday, April 13, 2016 three dozen members of the Watchung Seniors Club gathered at the Texier Museum. The club leaders conducted their regularly scheduled meeting in the media room of the museum.

Afterward the members of the Watchung Historical Committee guided their senior guests through the exhibits in the museum.

After the tours were completed the seniors lunched on finger sandwiches, snacks, coffee, iced tea and a selection of homemade desserts provided by the Historical Committee.

During the tours and lunch the seniors reminisced about their past experiences. Quite often a man or woman would exclaim, "Remember when...?" or "We had those (WW II) ration books to use. Oh, but we had fun....".

The Historical Committee will be presenting their guests with Watchung commemorative plates as mementos of their visit to the Texier Museum.

#### WATCHUNG RESIDENT RETURNS

Townsend, Washington, recently returned to Watchung in a special way.

David, son of Dan and Harriet Dover and a 1962 graduate of Watchung Hills Regional High School, enlisted in the Army after graduation and was deployed to Vietnam. He served from 1965 to 1968 in the Special Forces or Green Berets in

While serving in Vietnam he was wounded and ultimately received a Purple Heart.

In consultation with David the Watchung Historical Committee realized that his name and rank were missing from the Vietnam plaque on the War Memorial. So the Historical Committee proceeded to have his bronze name plate made and installed on the War Memorial.

So, many years after leaving his home town to

David C. Dover, a current resident of Port spend time in the military, the bronze name plate of David C. Dover E5 is where it now belongs for all posterity.

## **UP CLOSE WITH MARINE BIOLOGY**

Thanks to a grant from the American Chemical Society, and to the expertise of Watchung scientist/parent Dr. Gail Seelig, sixth students at Valley View Middle School in Watchung are getting up close with marine biology.

To get the SOAR students excited about the unit, Dr Seelig brought in items from her vast collection of shells and other marine artifacts. Students engaged in several hands-on experiments to help them understand how various sea creatures breathe and move. For one activity,

(left) Doyle Hunsinger and Jake Zaikov.

Dr Seelig challenged the students to design their own models of squid, and test their abilities to move. Later, students will be able to further explore squid with a dissection lab.

To aid in the understanding of marine creatures' body systems, Dr Seelig led students through a dissection of dogfish sharks. Students worked in teams to examine their shark's liver, heart, stomach, and brain. Using microscopes, students examined the shark's skin and teeth.

Upcoming experiments include building hydrophones, to demonstrate how sea creatures communicate, and building SeaPerch underwater robots

#### AMAZING ANIMALS AT THE LIBRARY

On March 29, Watchung Library welcomed a few friends from fields near and far, thanks to the Environmental Education Center of Somerset County. Naturalist, Monica Juhasz brought an amazing array of animals who know how to adapt in order to survive. They included Vietnamese rainbow millipedes, a bearded dragon named Tillie, and a corn snake (endangered type) named Cornelius. The children also saw some impressive skulls, scales, and even a wing from animals and birds that families might find in their

backyard. The Environmental Education Center always provides wonderful hands-on learning experiences that truly connect families with the natural world. Children and adults (including Watchung Councilman, Rob Gibbs and his children), enjoyed meeting new friends!

#### **WATCHUG LITTLE LEAGUE OPENING DAY PARADE**

Watchung Little League held its Opening Day Parade on Saturday April, 16 2016. The parade got underway at 9:00 a.m. begining at Valley View school and ending at Phillips Field.

The parade to Phillips Field included the Watchung Police Department, Fire Department, Rescue Squad, and children participating in the Watchung Little League this year.

The Opening Day Ceremony commenced at Ost Field where they honored special guests. Soon after Christina Sarrico and Tina Kelly sang the National Anthem.

Mayor Steve Pote was up next on the Opening Day Schedule festivities, having the privilege of throwing the first pitch. The first pitch kicked off the start of the season and games were held from 10:00 in the morning until 3:00 in the afternoon.

Due to fluctuating enrollment The Tee Ball and Transition Leagues run summer tournaments, while the rest of the League partners with the surrounding towns of Longhill and Warren. The President of Watchung Little League believes the partnership with the surrounding towns is positive by allowing the players to build relationships with kids they will be attending high school with.

The Watchung Little League provides an environment where children and parents alike can build communal relationships and the general consensus among Opening Day attendees is that this would not be possible without the help of volunteers. For information on how to get involved and the little league schedule please visit watchunglittleleague.org.

# Do you suffer from Knee Pain?

ADULT STEM CELL THERAPY may be the answer.

#### What is Adult Stem Cell Therapy?

Performance Rehabilitation & Integrated Medicine is a pioneer in the field of Adult Stem Cell Therapy. Adult Stem Cell / PRP Therapy is a proven, safe, non-surgical treatment for pain that can return you back to an active lifestyle again, NATURALLYII

#### You may be a candidate if:

- · Your knee is "bone on bone" and you are considering knee replacement surgery.
- · You have a meniscus tear.
- You have been diagnosed with arthritis.
- You have tried joint injections and/or physical therapy and still have pain.
- You have had surgery and still have pain.

# What makes Performance Rehabilitation & Integrated Medicine's approach so different?

Since 2011, Dr. Joseph Mejia of PR&IM has pioneered the use of adult stem cell therapy for the treatment of arthritis and many other orthopedic conditions. YES - major insurances including Medicare will pay for most, if not all of PR&IM's services.

Here is an example of what our patients have to say ...

I had suffered with chronic pain for 15 months that kept me from enjoying my normal activities. I'd seen numerous physicians and none of them were able to alleviate the pain.

The Adult Stem Cell Therapy treatments at Performance Rehabilitation & Integrated Medicine changed all of that. I am finally able to return to doing the things that I love: boxing, working out, skiing, spending time with my son and just being active.

am very happy with the quality of care that I received at PR&IM and with the positive results that I have achieved. - David E. Cassidy, Esq., Bridgewater, NJ

# WATCHUNG HILLS REGIONAL HIGH SCHOOL 2016 TEACHER OF THE YEAR

History teacher Jamie Lott-Jones has been selected by a committee of her peers as the 2016 Teacher of the Year. Lott-Jones has been on the faculty at Watchung Hills Regional High School (WHRHS) for 18 years, and before that completed her student teaching assignment there.

The plaque presented to Lott-Jones by Principal George Alexis included the words, "for encouraging students to think independently, for promoting a culture of acceptance, and for inspiring students to embrace empathy, kindness, and responsibility."

She continued, "I have had the privilege of teaching at WHRHS for a span of 18 years, and I know, without a doubt, that I work with the very best team of educators and professionals in the state. I have always felt that my co-workers were my extended family, and as such, you advise me, encourage me, and even tease me.

Lott-Jones expressed that "Teaching takes a lot of exhausting work," but is re-invigorated when she receives encouragement from her fellow teachers.

Lott-Jones was born in South Dakota, and when very young, lived in North Dakota with her parents, a public health doctor and a social worker, who were providing services to Native American residents. They returned to New Jersey, and lived in Plainfield from ages 3 to 8.

She graduated from The Pingry School in Bernards Township and received her bachelor's degree from Dickinson College in Carlyle, Pa. During her junior year at Dickinson, Lott-Jones completed a semester establishing a pre-school on the Cheyenne River-Sioux Reservation in South Dakota: the pre-school was funded through a government grant.

"It is still open," Lott Jones said, with pride. "It is called, Oti Waste', which in the language of the Sioux, called Lakota, means 'Good House."

Lott-Jones earned her master's degree in education from Rutgers University and has taken additional classes at Kean University. She has also completed a one semester fellowship at Columbia University, New York City, in Genocide Studies.

This year, Lott-Jones is on the executive committee of the Facing History & Ourselves NJ Advisory Board, a group of History teachers and administrators from WHRHS and also schools in West New York, Hoboken, Jersey City, Montclair, Sough Orange, Maplewood, and Bloomfield. The board meets four times a year to discuss and develop best practices for teachers of history trying to encourage students to participate in productive civic engagement experiences.

"We work together to try to find creative ways to explore and support "upstanding" values in the curriculum," she said.

She also attended a professional development workshop on "Closing the Opportunity Gap," with noted educator and author Dr. Richard Milner of the University of Pittsburgh.

Lott-Jones co-authored a paper to be published in the scholarly journal of Kappa Delta Pi with fellow History teacher Mary Sok, and former WHRHS Superintendent Frances Stromsland. It is titled, "The Power of One – Creating the New

(above) Watchung Hills Regional High School (WHRHS) Principal George Alexis presents the 2016 Teacher of the Year plaque to 18-year WHRHS History Teacher Jamie Lott-Jones.

Culture of Upstanders."

With Sok, she also prepared and led a seminar last summer for new teachers, titled "Teaching Social Justice," at Montclair State University Network for Educational Renewal (MSUNER). They will likely repeat the presentation for a group of new teachers this summer.

Last Fall, students in Lott-Jones' World History Honors classes participated in StoryCorps's Great Thanksgiving Listen. This National Public Radio (NPR) "Oral History Project," records interviews and personal remembrances on various types of Americana and the American experience for archiving in the Library of Congress.

Lott-Jones was among the teachers and students who developed the WHRHS antibullying initiative, "White Out." This year, the White Out initiative will visit and engage students at Warren Middle School on Friday, May 13. Last year, the initiative visited and engaged students at Watchung's Valley View Middle School. In years past, the "White Out" initiative students have made presentations at municipal meetings to the Township Committees of Warren, Long hill, Green Brook, and Borough Council of Watchung.

Among the other innovative teaching techniques she has had her students do are: read "White Man's Burden," the classic 1899 poem by Rudyard Kipling and write an answering poem from the viewpoint of the Indian. As well as create a Sikh action plan, including a mission statement, goals, and activities to educate people on the Sikh culture, so they are not labeled as Muslim terrorists.

According to one of her fellow History teachers, many students have said that Lott-Jones' World History Classes have been among their more challenging during their school experience at WHRHS, but also their favorite.

She and her husband, Mike Jones, have two children, Luke, 13, and Jake, 10.
