## ALJ HIGH SCHOOL OPENS DOORS TO THE FUTURE

Arthur L. Johnson High School has a proven reputation of preparing students for successful futures. Given ALJ's block schedule, a student-centered learning environment promotes educational growth at each grade level. Over 200 courses provide dynamic instruction to meet the needs of every student. With 24 advanced placement classes and over 25 honors classes, the school fosters a rigorous academic program. ALJ also offers AP Capstone™, which teaches independent research, collaboration, and communication skills. In combination with AP exam scores, this class can lead to the AP Capstone Diploma™ recognizing outstanding achievement of college-level academic and research skills.

In addition to AP classes, students have the benefit of earning college credit in several unique dual enrollment courses such as Holocaust and Genocide Studies through Kean University and the Tomorrow's Teachers Internship Program through Rider University. Union County College offers up to six credits for students attending their dual enrollment program. Also, ALJ maintains a partnership with Union County Vocational School where students can gain real-world experience in a variety of fields from cosmetology to automotive technology.

ALJ students enjoy many exciting electives, including Conspiracy Theories Throughout History, Forensic Explorations, and Marine Biology; all of which provide a chance to deeply explore a specific content area. Some new changes for the 17-18 school year include additions like Engineering-Design Thinking, New Jersey History, and American Sign Language 2.

From before applications even go out to acceptance, students are supported throughout the entire college and career planning process. Our ALJ Guidance Department ensures that every student has a plan in place post-graduation. Nearly 90% of ALJ graduates pursue two- or four-year colleges. Our students are accepted into highly competitive schools including Boston College, Stevens Institute, Villanova University, and Bucknell University. They are also involved in challenging academic programs at their

selected schools. Last year, an ALJ student was accepted to the University of the Sciences Dual-Degree Doctor of Osteopathy program. Only three students among hundreds of applicants were admitted.

At ALJ, learning continues outside of the classroom as well. Given the variety of experiences provided, our students learn valuable skills while forging new relationships. There are 23 athletic programs with 38 teams. Our Crusader sports teams have won multiple state, conference, and county championships. Offering over 30 clubs and activities from Student Council to Science Olympiad, every student has an opportunity to get involved in the school community. ALJ Today, our student-run news show, provides students with the opportunity to write, anchor, and direct a news program. For those interested in developing their writing skills, students can choose to work on the yearbook (The Lance), the school newspaper (The Crusader Today Blog), or the school literary magazine (The Quest). The arts also play an important role at ALJ with the school offering activities such as Marching Band, Drama Club, and Drawing Club. By joining organizations like Key Club or becoming a Peer Leader, ALJ students show their dedication to servicing their school and local communities.

When asked about her experience at ALJ, Julia Melao, a senior, stated, "The motivation my teachers provided me throughout high school has helped me be successful. They also encouraged me to get involved in extracurriculars; there is really something for everyone. I was able to branch out, learn new things, and meet new people. ALJ has definitely shaped me into the person I am and has fully prepared me for the future."

Arthur L. Johnson High School is an accredited member of the Middle States Association of Colleges and Secondary Schools. The school has been recognized by Newsweek magazine as a Top American Public High School, by College Board as a District of the Year for success on Advanced Placement exams, and as one of America's Best High Schools That Challenge Their Student to Excellence as reported by The Washington Post.

Superintendent of Schools Edward Grande stated, "ALJ has a superior program that is second to no other in preparing its students for college and future careers. I encourage anyone who is interested in learning more about our offerings to contact us."

## LITTLE RED HATS WARM HEARTS IN A BIG WAY AT TRINITAS

Trinitas Regional Medical Center is joining the American Heart Association's Little Hats, Big Hearts program to raise awareness of family heart health and congenital heart defects, the most common type of birth defect in the country. The campaign coincides with Congenital Heart Defect Awareness Week in February, and aims to empower new moms to take charge of their own wellbeing while starting a healthy lifestyle for the entire family.

As part of the Little Hats, Big Hearts program, babies born at Trinitas during the week of February 7 received a red knitted or crocheted hat, and a kit full of heart-healthy information for mom and baby. The kit includes tips on raising healthy children, heart-healthy workouts that can be done at home, recipes, and information on congenital heart defects.

"More than 40,000 infants are diagnosed with congenital heart disease each year. At Trinitas all of our newborns receive a critical congenital heart disease screening before they go home, but some heart defects don't become known until the child is months or years old," states Gary S. Horan, FACHE, President & CEO of TRMC. "This is why we are so pleased to be part of a program that educates parents on congenital heart disease and informs them of symptoms they should look out for as their child ages."

Trinitas distributed nearly 100 kits during Congenital Heart Defect Awareness Week. Congenital heart defects are structural problems with the heart present at birth. They result when a mishap occurs during heart development soon after conception and often before the mother is aware that she is pregnant. Defects range in

severity from simple problems, such as "holes" between chambers of the heart, to very severe malformations, such as complete absence of one or more of the heart's chambers or valves. According to the American Heart Association, it's possible to fix most congenital heart defects and there are an estimated 2 million CHD survivors in the United States.

Trinitas maintains a full-service cardiac facility as well as facilities for the intensive nursing care

of patients with cardiac disease. These include a cardiac care unit, intermediate coronary care unit, cardiac catheterization lab, non-invasive cardiology services, full-service emergency department, and cardiac rehabilitation services. Trinitas and the American Heart Association hope to spread awareness about the advantages of a heart healthy family lifestyle to new mothers and families during American Heart Month in February.

*(above) Babies born at Trinitas in February will receive a red knitted or crocheted hat, and a kit full of heart-healthy information for mom and baby!*

## AFRICAN VIOLETS

African Violets have long been the most popular flowering houseplants in the country and will continue to maintain this distinction far into the future. African Violets are not actually violets but are a genus (species) "Saintpaulia" related to Gloxinia, originally from Kenya and Tanzania, Africa.

One reason for its popularity is its ability to flower in indirect light and easy care. African violets are short plants with rounded or slightly pointed leaves with flower stalks emerging from the center. Flower colors range from white, pink, red, purple and blue with a yellow center. There is also a creeping variety which is less well known. Flowers have five single petals although now double flower are available as well as fringed and multi-colors varieties which seem to be created every day. Even variegated leaves of white and green can easily be found.

The abundant flowers bloom well with indirect sunlight all year long which help make African violets as popular as they are. They also prefer modern indoor temperatures of around sixty five degrees which is ideal. Most houseplants prefer cooler temps at night. Additionally a fully mature plant only requires a three to six inch pot making them ideal for window ledges, shelves or coffee tables. All these traits make African violets perfect flowering houseplants plant for almost everywhere in an apartment or house with enough indirect or good artificial light.

Considered an easy to care for plant, it is important to remember that African violets come from a warm climate. Water them with room

temperature water. Cold water causes yellow spotting on the leaves. Also avoid wetting the leaves when watering. Watering plants from the bottom is a good practice and let them dry out between watering. Overwatering can cause root rot, the most common cause of death of all houseplants. Also avoid drafts. Move away from cold drafty windows and air conditioners.

Easy and fun to propagate, you can take a leaf with the stem from the center of the plant and root it in water or potting soil. The outer leaves are too thick and do not root easily. Once rooted African violets grow quickly to flowering size. Off shoots from the main plant are best removed and to its own pot.

Requiring a rich soil mixture, you can purchase African violet soil premixed or you can blend your own, but they will not grow well in regular potting mix.

## SECOND GRADERS AT VALLEY ROAD SCHOOL SAY THANKS

Recently, second graders in Mrs. Pinto's class at Valley Road School celebrated Thank You Thursday. The students discussed what it means to be thankful and how we often forget to thank those we see every day. The students then brainstormed the names of people who help them and got to work writing their thank you cards. School community members were excited to be recognized for their care and dedication. "It was heartwarming to see the students adding more and more people to their lists and receiving such positive feedback from our school community. It was an important reminder in saying thank you," said Mrs. Pinto.

## PRESCHOOLERS VISIT WITH CLARK SENIORS FOR VALENTINE'S DAY

Each year on Valentine's Day, many people exchange cards, flowers, candy, and gifts with their special valentine. The staff and the children of the Clark Preschool believe that Valentine's Day should be celebrated by all. To honor the spirit of the holiday, the students created valentine cards to give to each senior at the Clark Seniors' monthly meeting. The children were excited to present their cards, and the seniors thoroughly enjoyed the children's heartfelt visit and company.

# DAISY TROOPS 41248 AND 41003 HAVE FUN DANCING THE NIGHT AWAY

On January 13th, the Kindergarten Daisy Troops 41248 and 41003, both from Valley Road School, got together and danced the night away at the Girl Scout Pajama Jammy Jam! Each girl

brought an item that would be donated to the Linden Animal Shelter. Donated items that were in need were cat food, canned dog food, cat litter, paper

plates, plastic spoons, paper towels, laundry detergent and newspapers. They learned about helping animals in need and earned a patch while having fun!

# CLARK BOY SCOUT TROOP 145

Clark Boy Scout Troop 145, under the leadership of Ted McKeown, spent the weekend of January 27-29, camping at the Joesph A Citta Scout Camp, located in Barnegate NJ. Younger scouts got to work on their Cooking Eagle Merit Badge while the older scouts got to enjoy some

relaxation with their friends. A boil off competition was held. This taught the scouts how to look for items in the wilderness that would help enable them to build a fire as well as to cook a meal. The boy scout bond grows with each camping trip.

# HEHNLY RECYCLING CRUSADERS

The Recycling Crusaders of Frank K. Hehnly Elementary School in Clark have succeeded in their year-long goal of raising enough money to purchase a buddy bench. The buddy bench, which will soon be placed on the school's playground, is intended to foster inclusion and combat loneliness during recess.

Students can take a seat on the bench, and a peer will ask them to join in another game. The club, led by Mrs. Estevez and Mrs. Conner, raised money for the project by selling recycling Crusader t-shirts and tickets for a basket raffle, which included a variety of environmentally-friendly items.

## C.E.R.T. PROGRAM REGISTRATION

The Township of Clark is planning on holding another Community Emergency Response Training (CERT) Program in the Winter/Spring 2017 time period if we get enough people interested.

This program is a 24 hr. training program, which is given over a 9-week period, that provides information on a variety of topics. Participants will receive training in such areas as; CERT team organization and Incident Command System, identifying hazards most likely to affect their homes or community and general disaster preparedness, basic fire knowledge, basic 1st aid training, light search & rescue training, disaster

psychology, and terrorism.
