Boy Scouts of America, Patriots' Path Council will be honoring local citizens at the Boy Scouts of America 2017 Summit Good Scout Award Dinner to be held on the evening of Tuesday, April 18, 2017 at The Grand Summit Hotel in Summit at 7:00 pm. This year's honorees are Sandy Bloom, Christine & Andy Gottesman, Steve Rapp, Nellie & John Stewart, and Terri Tauber.

The event recognizes these seven outstanding citizens for their community service, as evidenced by their leadership and interests within the Summit community, and for their embodiment of the values of the century old Scout Oath and Law in their personal and professional lives. The event chairs are past Summit Good Scout Award Recipients, Annette and Terry Dwyer.

Sandy Bloom is an active Summit volunteer and has served on three city boards for the last eighteen years. She is currently on the boards of the Summit Public Library and the Summit Area Public Foundation. She is the immediate past president of the Library board and is the Co-Chair of the Summit Area Public Foundation's Grants Committee.

Christine Gottesman is Special Counsel at Nukk-Freeman & Cerra, P.C. She is also a member of the Board of Trustees of SAGE Eldercare located in Summit as well as a past Cub Scout den leader for both of her sons, Joseph and Benjamin. Andy Gottesman is Chief Executive Officer of Gottesman Real Estate Partners, and Edison Investment Advisors, LLC. Andy is a member of the Board of Directors of the Alumni Association of the University of Michigan and of the Board of Trustees of the Pingry Alumni Association, as well as a Trustee of the Paper Mill Playhouse in Millburn.

Steve Rapp has been teaching music since 1989, and has been in the Summit Public Schools since 1996. His extensive range of responsibilities currently includes Director of the High School Marching Band, Conductor of the Concert Band, Conductor of the Wind Ensemble, and Pit Orchestra Conductor.

Nellie Stewart is a Social Worker and has worked with

various populations and in a multitude of settings, including Overlook Medical Center and most recently as a Case Manager at United Health Care. John Stewart spent 20 years in the markets and banking divisions of Standard Chartered Bank before joining J.P. Morgan. Nellie has been a passionate volunteer within the Summit Public School district for over 12 years; holding various PTO board positions at Lincoln Hubbard, LCJSMS and Summit High School, chairing school activities and an avid sign-up-genius connoisseur. She has been enthusiastically engaged in various roles within Girl Scouts troop 397, Summit Lacrosse, Summit Summies Gymnastics Team at The Connection, Summit Performing Arts Resource Center (SPARC), Summit Music Parents Association, Summit Democrats, and the Boy Scout Troop 67, Summit. John, a fervent soccer and hockey player, was a youth coach for Summit Soccer Club, Summit Junior Baseball and Beacon Hill Hockey. After serving as assistant Scoutmaster, he currently serves on Boy Scout Troop 67's Parent Committee.

Terri Tauber runs The Flamingo Fundraiser, a hallmark of Project Graduation, and is one of Terri's many pet projects. Terri became involved in Project Graduation back in 1998 when she was appointed to the Summit Youth Services Board. In 2006, she launched the Flamingo Fundraiser, which has raised over \$45,000 in 10 years. Terri has served on the Youth Services Board for 10 years, including a term as Board Chair. She served on the Women's Resource Center board for over 10 years, including two terms as president and was a member of the Summit Kiwanis Club for many years.

Summit is a part of the Patriots' Path Council, Boy Scouts of America which serves 17,000 youth in over 400 Scouting units in communities like ours throughout Morris, Middlesex, Somerset, Sussex, and Union Counties.

SUMMIT FIREFIGHTER JOE MOSCHELLO WINS FRANK SMITH AWARD FOR PUBLIC SAFETY

The City of Summit Fire Department is announcing firefighter Joe Moschello as the recipient of the 2017 Frank Smith Award for Public Safety. The award is given annually by the New Jersey Electronic Security Association (NJESA) to an active duty firefighter or police officer that "exemplifies commitment, loyalty and consistently goes beyond the call of duty for the municipality they serve."

"We are extremely proud of firefighter Moschello," explains Summit Fire Chief Eric Evers. "Joe sets an excellent example of how everyone should approach work with security companies to help them interpret fire codes and pass inspections. His professional manner and expertise are a truly an asset for the City of Summit."

Firefighter Moschello was presented with the 2017 Public Safety Award at a membership luncheon at the NJESA Annual Symposium at Harrah's Convention Center on March 2.

The Summit Police Department has announced the dates for the 2017 Youth Academy. The academy will be running two, one-week sessions: Session One from July 17 to 21; and Session Two from July 24 to 28. Both sessions will be held at the Summit Police Department. Classes will run from 8 a.m. to 3 p.m. daily.

This will be the thirteenth season of this popular program, designed to provide area youths with the opportunity to gain an understanding of the role of the police officer. While other youth academy programs provide a day camp setting, the Summit Police Youth Academy has been modeled after today's police academy. Those accepted to the program will undergo physical training and daily training in Drill and Ceremony, as well as instruction in criminal investigation techniques, evidence recovery and patrol practices. In addition, the cadets will participate in field trips to the Union County Police Academy and attend demonstrations from various specialized units that are available to law enforcement, such as the police canine unit, SWAT team and the bomb squad.

Each cadet will receive official Summit Police Youth Academy uniforms to wear throughout the

course. Upon successful completion of the course the cadets will participate in a graduation ceremony in which they will be presented with a certificate of completion and an official Summit Police Youth Academy patch. Each cadet will also receive a DVD slideshow of photos taken during their session.

Acceptance into this program requires that the applicant be between the ages of 11-14. Cadets will be selected on a first come,

first serve basis. Please note, however, that preference will be given to Summit residents who are new applicants; former recruits and out-of-town applicants will be placed on a waiting list. In order to be considered, the tuition fee of \$100 must accompany the application. However, for those applicants that are experiencing financial hardships, there are a limited number of scholarships available.

Applications are available at the Police Department, the Summit Middle School Office, and online at <http://www.cityofsummit.org>. The deadline for applications will be April 17, 2017.

For additional information please contact Det/Sgt. Rick Proctor at rproctor@spdnj.org (908-273-5871) or Pam Ferreira at pferreira@spdnj.org (908-277-9473).

NEW JERSEY AMERICAN WATER INVESTING \$200,000 IN SUMMIT

11 CRITICAL HOME INSPECTION TRAPS TO BE AWARE OF WEEKS BEFORE LISTING YOUR HOME FOR SALE

Summit NJ - According to industry experts, there are over 33 physical problems that will come under scrutiny during a home inspection when your home is for sale. A new report has been prepared which identifies the eleven most common of these problems, and what you should know about them before you list your home for sale.

Whether you own an old home or a brand new one, there are a number of things that can fall short of requirements during a home inspection. If not identified and dealt with, any of these 11 items could cost you dearly in terms of repair. That's why it's critical that you read this report before you list your home. If you wait until the building inspector flags these issues for you, you will almost certainly experience costly delays in the close of your home sale or, worse, turn prospective buyers away altogether. In most cases, you can make a reasonable pre-inspection yourself if you know what you're looking for, and knowing what you're looking for can help you prevent little problems from growing into costly and unmanageable ones.

To help homesellers deal with this issue before their homes are listed, a free report entitled "11 Things You Need to Know to Pass Your Home Inspection" has been compiled which explains the issues involved.

To order a FREE Special Report, visit www.njhomeinspectiontraps.com or to hear a brief recorded message about how to order your FREE copy of this report call toll-free 1-888-243-5861 and enter 3006. You can call any time, 24 hours a day, 7 days a week.

Get your free special report NOW to learn how to ensure a home inspection doesn't cost you the sale of your home.

In March, New Jersey American Water began working to replace approximately 650 feet of aging 6-inch water main that was installed around 1920 with new 12-inch ductile iron main along Morris Court (from Morris Avenue to the dead end). The existing pipe has reached the end of its useful life. The project also includes replacing utility-owned service lines and fire hydrants along the pipeline route, as well as the installation of meter pits to replace meters currently installed inside residents' homes.

"With the installation of the new water mains, New Jersey American Water customers should experience increased water flows for residences and fire protection, and continued improvement in reliability," stated Thomas Shroba, senior director of Operations, North Region. "And having the meter located outside of their homes is an improved/added convenience."

Sections of street where the construction is taking place may be closed during work hours, which are generally 8 a.m. to 4:30 p.m., Monday through Friday. All traffic control will be coordinated by local police. New Jersey American

Water is committed to the safety of its employees and advises pedestrians and drivers to please take caution in the vicinity of work sites.

At various segments of the project, customers may experience temporary service interruptions while the work is performed. Customers may also experience a slight discoloration of water. If this happens, run the water until it is clear. New Jersey American Water will notify customers 24 hours in advance when the utility-owned service line is being replaced at the property. Also, customers will receive instructions on how to flush the household plumbing prior to using water.

As part of this improvement project, American Water will also be installing a meter pit at the curb area of the properties, in the right of way. After installation, all that will be visible is a 15-inch circular cover that will be flush with the ground. Once the meter pits are installed, and the entire project is complete, residents will be contacted to set up an appointment to move the meter from inside the property to the meter pit.

STUDENTS RAISE \$10,790 FOR SANTA MARIA

For the last four year, Spanish Teacher Tim Margiotta has spearheaded fundraisers with his Emerging Spanish students on behalf of an organization called Mission Santa Maria (MSM). They are a non-profit organization that supports a school and orphanage in a coastal area of Ecuador, providing school transportation, uniforms, books, meals, and college scholarships to needy children. Over 100 Lawton C. Johnson Summit Middle School students gathered almost

1,000 sponsors, for a grand total of \$10,790. On March 22, 2017 they donated the money to MSM Founder James Campbell and Board Member Michael Temple when they visited the middle school to speak with the students about the incredibly positive impact their efforts. "I wanted my students to develop a greater perspective, and have the opportunity to make a difference. I hope this continues to inspire and motivate them in years to come," said Margiotta.

CHELSEA RESIDENT HELPED GLORIA ESTEFAN GO PLATINUM

(above) Jim Hayes

With humble beginnings as a wedding band, the Miami Sound Machine had already been well known in the Miami area in the late 70's and early 80's. In 1977 with the addition of a young vocalist named Gloria Maria Fajardo Garcia, later known as Gloria Estefan, they became a phenomenon of the Latin music scene.

But it wasn't until Discos CBS, a subsidiary of CBS International, put out the album *Primitive Love* on Epic Records in 1985 that the band crossed over into mainstream mega-success. And Jim Hayes, president of Discos CBS, was at the helm.

"Gloria was in my office three or four times a week," he remembers from his apartment at The Chelsea at Warren assisted living residence in Warren, NJ. "She didn't think we were spending enough money on promoting the group, and she was right."

The rest is history, of course, and Jim has the platinum album to prove it.

"I really wanted that job," he says, recalling the six years he spent in Miami. He had been a veteran of the publishing industry, working for several book companies, one of which was acquired by CBS.

He jumped at the chance to become President and General Manager of Discos CBS, wanting a job with more excitement and a change of scenery. That was in 1985, just as the Miami Sound Machine emerged into the main stream. Hayes was in the driver's seat. "Gloria and my daughter Carrie became friends," he says.

Today, Hayes, 83, is surrounded by dozens of photo albums, photos of his 6 children, 19 grandchildren and 4 great grandchildren, and technology that keeps him connected via internet, phone and TV.

"This is my life," he says.

"ENTREPRENEURSHIP 101"

Workshop Prepares You for Small Business Ownership

It's the American dream – having your own business, being your own boss, setting your own hours....But before you take the plunge (or before you get in too deep in a business that you just started), you need to do some serious self-reflection and homework.

That's why UCEDC, a statewide economic development corporation, is offering an intensive six-week workshop for start-up businesses (those in the idea/planning phase or in operation less than a year).

The next session of Entrepreneurship 101 is scheduled for Thursday evenings (6:00 – 9:00 pm), May 4 – June 8, 2017 at UCEDC's headquarters in Cranford, NJ.

"The small business failure rate is staggering," warns Erich Peter, UCEDC's Director of Training. "But you'll be more likely to succeed if you consider every challenge ahead of you and make sure you have what it takes to meet them."

Participants will be guided through a real-world assessment of their business idea and market feasibility as well as their own ability to

handle the demands of business ownership. The steps to opening a business in New Jersey, choosing a legal structure, developing a business plan and establishing cost, revenue and cash flow projections will be addressed in a variety of interactive exercises.

"Being a business owner is hard work and this workshop is equally demanding," says Peter. "But we're going to work with you both in and outside of the classroom to make sure that the class material is relevant to your specific needs. And, we stick with our graduates for 12 months, providing free mentoring and counseling services."

Entrepreneurship 101 is a component of UCEDC's Entrepreneurial Training Initiative, an ongoing small business training effort, offered in partnership with the New Jersey Economic Development Authority.

Registration is now open for Entrepreneurship 101. Complete information can be found on the UCEDC website at www.ucedc.com or by calling 908-527-1166.

"Tailored Financing for Today's Small Business"

844.WRFUNDS / 844.973.8637

A MESSAGE FOR COMMERCIAL REAL ESTATE BROKERS, LANDLORDS, FRANCHISORS AND PROFESSIONALS WHOSE CLIENTS NEED A CERTAINTY OF FUNDING.

White Rose Funding is a direct and indirect lender that can provide funding for:

- Tenants in need of capital for a build-out, equipment or machinery;
- Franchisee and other Start-Ups in need of acquisition funding or working capital; and
- An established business that has sudden and temporary cash needs.

We provide flexible financing on fair terms that rewards the forwarder by offering:

- Financial remuneration to the forwarder; and
- A tailored solution for your client.

For example, a Landlord or Commercial Real Estate Broker is showing property to a prospective tenant, the location is ideal, but the build-out cost is likely beyond the tenant's initial budget. The Landlord seeks personal guarantees sensing there could be financial issues down the road. White Rose Funding could provide a term loan for the build-out, fixtures and equipment, and a working capital loan that will ring-fence the rent guarantee.

There is no cost to your client unless we provide the financing.

If the client does not enjoy prime credit status, we have relationships with preferred SBA Lenders that can make the process fast and efficient.

When you need access to an alternate lending source for your business needs, please consider White Rose Funding.

CASA'S CHARITY 5K RUN/1M WALK IS MAY 7

Join the race to reach all of Union County's foster youth

Lace up your sneakers and take simple but crucial steps to change the life of an abused, neglected or abandoned Union County child placed in foster care: On Sunday, May 7, 2017, CASA of Union County will host its third annual Foster the Dream 5k Run and 1 Mile Walk at Oak Ridge Park in Clark to raise awareness of the need for community volunteers to serve as Court Appointed Special Advocates, and to raise funds for expanded recruitment and training efforts.

The race course is USATF-certified and trophies are given to the first-place female and male finishers, as well as runners in the following brackets: 10 and under, 11-19, 20-29, 30-39, 40-49, 50-59, and 60+. In addition, participants can try their luck at various raffles — tickets are \$5 — and enjoy such post-race sustenance such as fruit, bagels and water. Whether a serious runner, a speed-walker or simply looking to stroll with friends and family — this race for a reason promises fun for all, and helps vulnerable youth right in your own community!

Life in foster care and the road to it is no walk in the park, but your walk or run in the park can change that. Two-thirds of Union County foster youth still need a CASA volunteer, and your

participation brings CASA of Union County closer to remedying that by providing a committed advocate for every youth that needs one. Appointed to a case by a family judge, trained CASA volunteers serve foster youth by advocating in court and the community to ensure their needs are met and best interests remain priority. They are court-empowered to speak with the youth's teachers, doctors, therapists, foster parents, caseworker, attorney and more, and then report findings to the judge.

Race check-in and packet pick-up begins 7:30 am race day; the 1 mile walk starts at 9 am and the 5k at 9:30 am. Award presentation and raffles begin at 10:30 am. Performance race shirts are guaranteed to all paid registrants through April 25. Registration is \$25 to run and \$20 to walk; \$5 more after April 15. Children under 10 run or walk for free!

Ready? Set. Go register yourself, your family and your friends at www.fosterthedream.org, taking the first steps toward changing the life of an abused, neglected or abandoned child from Union County! Contact Jen Mutch, race chair and CASA board president, at (917) 453-5415 or jcdowntown@hotmail.com with questions.

SUMMIT RESIDENT BECOMES CASA VOLUNTEER

Union County Superior Court Judge James Hely administered oaths to 16 community members on March 20, 2017 — among them Mary Ellen Lawrence of Summit — who stepped up to volunteer as extra eyes and ears for Family Court judges on cases involving Union County's abused, neglected or abandoned children now placed in foster care.

The new child advocates completed 30 hours in a new, flexible training option that comprises fewer in-person sessions than the traditional session, but incorporates an online learning component for scheduling flexibility. After the new advocates took their oath and received a commemorative CASA pin and certificate, they gathered with staff and board members for a celebratory luncheon, during which they were matched to their new case.

Volunteers with varied backgrounds make successful advocates and this class is no exception: Advocates range in age from 21 to 81; are parents and non-parents; recent retirees and students; and careers include business professionals, a teacher, nurse, attorney and professor; as well as homemakers. Languages

spoken include Spanish, Chinese, Ukrainian and German. Most have no prior knowledge of the foster system, and at least two of the volunteers are immigrants.

CASA volunteers have court-ordered access to all parties in a child's life, including foster parents, doctors, caseworkers, therapists and teachers, and incorporate into court reports findings from these contacts as well as time spent with the youth. Volunteers advocate both in the community and court to ensure their youth's needs are met and their time in care is as short as possible. There are 600 Union County children currently in foster care and CASA of Union County serves approximately one-third; its mission is to provide an advocate for every foster child that needs one.

For details on future trainings, contact Courtney at 908-527-7045 or cgreen@casaoofunioncounty.org. To inquire about other ways to support CASA of Union County, contact Executive Director Marla Higginbotham at 908-527-7041 or marlah@casaoofunioncounty.org.

CITY IMPLEMENTS LICENSE PLATE RECOGNITION TECHNOLOGY FOR PARKING PAYMENTS IN MUNICIPAL LOTS & GARAGES

The City of Summit Parking Services Agency is announcing as part of its unified parking management program it will begin installation of automated license plate recognition technology for parking payments in municipal parking lots and garages on Monday, March 20 through the end of April.

Payment stations with automated license plate recognition technology will be installed on specified dates in the following locations:

March 20 to 22: Broad Street Garage, Broad Street East lot

March 23 to 24: Elm Street lot, Sampson lot

April 3 to 5: Tier Garage

April 6 to 7: Chestnut lot, Post Office lot

April 10 to 12: K-lot

April 17 to 19: Bank Street lot

April 20 to 21: Park & Rail lot

April 24 to 26: Library/YMCA lot

April 27 to 28: Park & Ride lot

The City of Summit first implemented automated license plate technology in November 2016 on Railroad Avenue. Parking enforcement vehicles have been equipped with a camera and computer that reads a license plate, checks for a digital permit, and looks up the payment type.

"Customers purchase parking time by entering the license plate number of their vehicle and the amount of time they wish to park at a pay station," explains Parking Services Manager Rita McNany. "Each machine accepts payment by coins or bills with exact change only, by credit and debit cards, and Parkmobile for smart phone payments. Parking Services staff will be available to assist users at each location during the transition."

FIRE DEPARTMENT ANNOUNCES FORMATION OF SPECIAL OPERATIONS UNIT

The City of Summit Fire Department is announcing the formation of a special operations division that will encompass the specialty disciplines of hazardous materials response and technical rescue.

The unit is trained to deal with chemical spills, gas leaks and other situations involving hazardous materials. It conducts confined space, trench or high angle rescues that involve the use of ropes and rappelling techniques. The division also stands by in a "ready" status for all Overlook Hospital helipad transports.

"We are extremely pleased to launch the special operations unit and provide additional service and support for Summit's residential and business community," explains Summit Fire Chief Eric Evers. "Our firefighters are trained to provide expert response in the most challenging situations. With a special operations unit, we now have the advanced skills and tools to best mitigate

any of these possible hazards."

Multiple vehicles and technical rescue equipment for the Special Operations division was donated by Celgene Corporation.

"We recognize the potentially significant impact that providing support for Celgene's two Summit campuses will have for the Summit Fire Department," reports Celgene Executive Vice President Rich Bagger. "Our donation of vehicles and technical equipment will ensure that, if the need arises, the Summit Fire Department is able to respond in an efficient and effective way to Celgene and our entire Summit community."

Chief Evers continues: "We appreciate the generous donation of technical resources from Celgene and know that its benefit will extend to the entire Summit community."

For more information on the special operations unit and the Summit Fire Department, please go to cityofsummit.org/fire.
